Subject: SC language: Predecisional Draft For Review and Comment

All: Please review. This is a rework of language SC circulated. I am at a disadvantage until I have the OPLA assessment of the law underlying the CJIS agreement and other issues. Thus, I want to proceed with caution until all the legal analysis is done and reviewed. Again, in the interim, please review for general direction and tone. The issue is legal and technical but needs to be understandable and entirely accurate. This is a predecisional draft.
