**Re: Freedom of Information Act Request**

Dear FOIA Officer:

The Center for Constitution Rights (CCR) (“Requester”) makes this request for information regarding the May 31, 2010 Israeli military operation that occurred in international waters in the Mediterranean Sea involving a six-boat flotilla headed to Gaza with humanitarian supplies, including the U.S.-registered “*Challenger I*” and the Comoros-registered “*Mavi Marmara*,” which was forcefully intercepted by the Israel Defense Forces, resulting in the death of 9 passengers on board the *Mavi Marmara*, including one U.S. citizen, and the injury of many more,<sup>1</sup> pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. Sec. 552 *et seq.*, and U.S. Department of State FOIA Regulations, 22 C.F.R. Part 171.

Specifically, CCR seeks all records, regardless of format, medium, or physical characteristics, and including electronic records and information, audiotapes, videotapes and photographs, that reflect, relate or refer to:

- (1) Any and all records since January 1, 2010 that relate to and reflect any and all plans, reports, documents, discussions, meetings, or other communications, whether in person, by phone, mail, instant message, email, or any other method, that mention, refer or relate to any vessels or a flotilla of boats destined for Gaza in May 2010, including the U.S.-flagged *Challenger I*. This request includes, but is not limited to records reflecting communications with inter-governmental organizations, such as the North Atlantic Treaty Organization (NATO), foreign governments, including but not limited to the Government of Israel, and any communications with other agencies, departments or divisions of the United States, including but not limited to any communications which relate to possible, planned, or executed actions by the U.S.

**The Requester**

The Center for Constitutional Rights (“CCR”) is a not-for-profit, public interest, legal, and public education organization that engages in litigation, public advocacy, and the production of publications in the fields of civil and international human rights. CCR’s diverse dockets include litigation and advocacy related to human rights in times of armed conflict or occupation, as well as the protection of human rights defenders. CCR is a member of human rights networks nationally and internationally, and provides legal support to human rights defenders and movements. One of CCR’s primary activities is the publication of newsletters, know-your-rights handbooks, legal analysis of current international law issues, and other similar materials for public dissemination. These and other materials are available through CCR’s Development, Communications, and Education & Outreach Departments. CCR operates a website, [www.ccrjustice.org](http://www.ccrjustice.org), which addresses the issues on which the Center works. The website includes material on topical civil and human rights issues and material concerning CCR’s work. All of this material is freely available to the public. In addition, CCR regularly issues press releases and operates a listserv of over 50,000 members and issues “action alerts” that notify supporters and the general public about developments and operations pertaining to CCR’s work. CCR staff members often serve as sources for journalist and media outlets, including on international human rights.

**Fee Waiver**

CCR qualifies as a “representative[] of the news media” and the requested records are not sought for commercial use. Accordingly, we request a waiver of fees on the grounds that disclosure of the requested records is in the public interest and because disclosure “is likely to contribute significantly to the public understanding of the activities or operations of the government and is not primarily in the commercial interest of the requester[s].” 5 U.S.C. § 552(a)(4)(A)(iii); *see also* 22 C.F.R. 171.17 records furnished without charge if the information is in the public interest, and disclosure is not in the commercial interest of institution). *See, e.g., McClellan Ecological v. Carlucci*, 835 F.2d 1282, 1285 (9th Cir. 1987).

The Requesters have a proven track-record of compiling and disseminating information to the public about government functions and activities, including the government’s record and position on international human rights and policy matters, and plans to disseminate any information disclosed as a result of this FOIA request through the channels described above. The Requesters have undertaken this work in the public interest and not for any private commercial interest. Similarly, the primary purpose of this FOIA request is to obtain information to further the public’s understanding of the U.S. government’s role in, and response, to an international incident which involved U.S. citizens, including the death of one citizen by a foreign military and the injury, arrest and deportation of other citizens by a foreign government; U.S. property, including a vessel registered in accordance with international regulations and entitled to certain protections under domestic and international law; and has involved the United States in formulating an international response to both the May 31, 2010 attack on the flotilla and the

blockade of Gaza. As such, the subject of this request concerns the operations of the federal government and expenditures, and the disclosures will likely contribute to a better understanding of relevant government procedures by CCR and the general public in a significant way.

The public has an interest in knowing about the manner in which the federal government prepared for, and responded to, information regarding a possible attack on the flotilla destined for Gaza in May 2010. The public further has an interest in knowing what steps the United States took, and continues to take, in securing the rights and protections of U.S. citizens, including what consular protections U.S. citizens can expect and will enjoy from the Department of State, and their property vis-à-vis a foreign military, and what steps the United States took to ensure that civilians of all nationalities engaged in stated humanitarian missions are protected from attack, in accordance with domestic policies and laws, and international humanitarian law. This matter is particularly urgent in light of the updated travel warning issued on June 20, 2010 by the Bureau of Consular Affairs for Israel, the West Bank and Gaza, particularly in light of the Department of State's notice that "the ability of consular staff to offer timely assistance to U.S. citizens [in Gaza] is extremely limited."<sup>2</sup>

The public further has an interest in knowing what the United States policy was, and is, in relation to the blockade of Gaza, including in relation to the list of prohibited goods including but not limited to spices, toys and candy that do not have a military purpose, and the delivery of humanitarian assistance to the civilian population of Gaza.

As stated above, the Requesters have no commercial interest in this matter. The Requesters will make any information that they receive as a result of this FOIA request available to the public, including the press, at no cost. Disclosure in this case therefore meets the statutory criteria, and a fee waiver would fulfill Congress' legislative intent in amending FOIA. *See Judicial Watch Inc. v. Rossotti*, 326 F.3d 1309, 1312 (D.C. Cir. 2003) ("Congress amended FOIA to ensure that it be 'liberally construed in favor of waivers of noncommercial requesters.'").

Alternatively, we request a limitation of processing fees pursuant to 5 U.S.C. § 552(a)(4)(A)(ii)(II) ("[F]ees shall be limited to reasonable standard charges for document duplication when records are not sought for commercial use and the request is made by . . . a representative of the news media."). CCR is an "entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience." *National Security Archive v. Department of Defense*, 880 F.2d 1381, 1387 (D.C. Cir. 1989). Publishing and disseminating information are some of our primary activities. As a "representative of the news media," we fit within this statutory and regulatory mandate. Therefore, fees associated with the processing of this Request should be limited accordingly.

<sup>2</sup> Travel Warning, U.S. Department of State, Bureau of Consular Affairs, Israel, the West Bank and Gaza, June 20, 2010 available at: [http://travel.state.gov/travel/cis\\_pa\\_tw/tw/tw\\_922.html](http://travel.state.gov/travel/cis_pa_tw/tw/tw_922.html).

**Expedited Processing**

Expedited processing of this request is required because there is a “compelling need” for the information. 5 U.S.C. § 552(a)(6)(E)(i)(I). A “compelling need” is established when “the information is urgently needed by an individual primarily engaged in disseminating information in order to inform the public concerning actual or alleged Federal Government activity.” 22 C.F.R. § 171.12(b)(2). A requester can also demonstrate compelling need by a showing that the information sought is “urgently needed” and involves protecting against “impair[ing] substantial due process rights” or “harm[ing] substantial humanitarian interests.” 22 C.F.R. § 171.12(b).

There is an urgent need to inform the public of the policies, procedures, guidelines, action, responses or instructions given by the federal government to agencies, departments or divisions, about preparation, participation or reaction to attacks on U.S.- registered boats in international waters, to vessels with U.S. citizens onboard, or to vessels with civilians, including but not limited to civilians transporting humanitarian supplies. This request is urgent in that U.S. citizens or U.S.-registered vessels must know the support, protection, reactions and any actions or inactions they can expect from the United States government in the event that they are subject to attack, detention or deportation.

Further, in light of pending international investigations, whether criminal, civil or disciplinary in nature, and in light of the U.S. position, involvement or assistance in relation to such an investigation,<sup>3</sup> there is an urgent need to inform the public of the policies, procedures, requests, demands or any other responses, actions or inactions, the United States has made to the government of Israel to safeguard evidence gathered in relation to the May 31, 2010 attack on the flotilla, including but not limited to the preservation of property in its original form seized by the government of Israel including but not limited to computers, cameras, cell phones, personal devices that have memory chips, hard drives or other such devices, and to ensure that evidence has not been destroyed, tampered with, altered or otherwise rendered suspect or unusable in subsequent investigatory proceedings. In light of the announced Israeli investigation and the commencement of work by that investigation commission,<sup>4</sup> this matter is urgent.
