The visitor will be positioned outside of the secure cell, while the inmate remains locked in the cell for the duration of the visit. Direct staff supervision will be provided by positioning staff at the outside door of the secure cell. Upon completion of the visit, the inmate visitor will be escorted from the Health Services Department. The secure cell will be searched prior to allowing access by other inmates.

All visitors must be on the inmate’s approved visiting list or must be verifiable through the Pre-sentence Report. Only immediate family members or designated next of kin will be considered for visitation. If the inmate meets both the medical and correctional criteria, the request will be routed from the HSA through the Captain, the Associate Warden and to the Warden for final approval.

During off-duty hours, the HSA will be paged to verify the medical information and any previous visiting considerations. The IDO will contact the Captain for guidance and/or approval. Since all community hospital visitation should be approved in advance, this should only occur when the inmate is hospitalized as a medical emergency. Once a community hospital visit is approved, the visitors must report to the institution for processing and to ensure that proper forms are completed. The Operations Lieutenant, Front Lobby Officer, Control Center Officer, and the officers supervising the inmate will be notified. Additionally, the HSA will notify the appropriate hospital liaison. No visits for any reason will be authorized without prior approval. In addition to restrictions imposed by the Bureau of Prisons regarding visiting hospitalized inmates, the visiting policy of the hospital and attending physician will be followed.

21. Detention or Segregation Status
An inmate in administrative detention or disciplinary segregation status may ordinarily receive visits in accordance with the same rules and regulations that apply to general population inmates, providing such visits do not pose a threat to the security and orderly operation of the institution. In such cases, the Warden may authorize special visiting procedures to preclude such a threat. 5. **PROCEDURES:**

   a. **Visiting Facilities:** A multi-purpose Visiting Room is provided at each institution. Inmates will enter through the Visitation Search Room and depart through the Visitation Search Room. Visitors will be escorted to and from the Visiting Room by a staff member, except for visitors to the Federal Prison Camp (FPC) who will enter and exit the Visiting Room through the front entrance doors.

   At the FPC, visitors may not linger in the parking lot in front of the Administration Building. In addition, once a visitor enters the Visiting Room and begins a visit with an inmate, the visitor may not leave the area for any reason. If the visitor leaves the area prior to actually completing the visit, the visit will be terminated. There is no smoking by either inmates or visitors permitted. No visiting or picture-taking will occur on the patio.

prior to taking such action.

f. Special Visits: Inmates may submit requests for special visits to their Unit Team. These requests will state the specifics of the visit to include purpose, duration and visitor’s identity. The Unit Team will verify the information supplied by the inmate and forward their recommendation to the Warden or his/her designee for approval. The Warden may authorize special visits for:

(1) Clergy, former or prospective employers, sponsors and parole advisors.
(2) Authorized visitors at other than regularly established visiting times.

g. Visits to Inmates not in Regular Populations Status

(1) Admission and Holdover Status - Only immediate family members may visit inmates during the Admission and Orientation (A & O) period or for inmates in holdover status where there is neither a visiting list from a transferring institution nor other verification of proposed visitors. Upon verification of the visitors identity, the visitor will be approved and added to the visitation list.

LSCI: Inmates who are housed in the Special Housing Unit in holdover status will visit as follows: Monday, Thursday, and Friday. The Front Entrance Officer will telephonically contact the SHU OIC and advise the officer of the visit. The SHU OIC will notify the Operations Lieutenant of all visits and advise him/her of any separation issues as described in this section.

Ordinarily, an inmate in Administrative Detention or disciplinary segregation status may receive visits in accordance with the same rules and regulations that apply to general population. However, inmates with separation concerns while in SHU may be considered by the Warden to pose a threat to the security and orderly operation of the institution. Thereby, authorizing special visiting procedures to preclude such a threat.

Inmates who require separation will not be in the Visiting Room at the same time.
SHU OIC will ensure that this does not occur, based on his/her review of pertinent and relevant information maintained on each inmate in the Special Housing Unit. In such cases, special arrangements may be made for the visit to take place at another location inside the institution. The visit will require direct staff supervision with a specific time frame of two(2) hours.

All Special Housing Unit inmates and their visitors will sit in a designated area directly in front of the Visiting Room Officer's desk. The Outside Patio will not be utilized by Special Housing Unit inmates. The Front Lobby Officer will notify the Operations Lieutenant of all high security inmates.

(3) Inpatient Visits:

A. **Institution Hospital (FMC):** Requests, either initiated by the inmate or family members, for inmates to receive visits for inmates housed in the inpatient area will be submitted to the Unit Team. Inmates may request a total of 10 friends and associates be placed on their visiting list. This does not include immediate family members. Visiting privileges will ordinarily be extended to friends and associates having an established relationship prior to incarceration, unless such visits could reasonably create a threat to the security and good order of the institution. Inmates may request exceptions to the prior relationship rule through their Unit Team. Any exceptions to the rule require the Warden’s approval.
1. PURPOSE AND SCOPE. C. Visiting room rules.

1. A kiss and embrace at the beginning and at the end of a visit, is authorized. Hand holding is the only other form of physical contact allowed during a visit. The inmate’s hands must remain in plain view of Visiting Room staff at all times.

2. All visits are supervised visually. Any apparent violation of institution regulations by the visitor and/or inmate may result in the termination of the visit.

3. The visiting room and outside visiting patio areas are designated as "No Smoking" areas. Once a visitor departs the visiting room, the visit is terminated. The visitor cannot leave and return to the visiting room.

4. Inmates are not allowed in the family area of the visiting room unless approved prior to the visit by the family room coordinator and the Captain.

5. The Duty Officer or Operations Lieutenant is authorized to terminate visits due to overcrowding, or for improper conduct, including the violation of any rule or regulation by the inmate or his visitors. Prior to terminating visits for overcrowding a request for volunteers to leave should be made. The frequency of visits and distance traveled should be considered when terminating a visit due to overcrowding. Should all factors equate, visits should be terminated on a basis of first to enter, first to leave.

10. VISITS TO INMATES NOT IN GENERAL POPULATION STATUS.

a. Separation Cases: Any inmate who has a need for separation from the inmate population will receive his visit in an area that will be designated by the Captain. This type of visit will not exceed a one (1) hour period and will be closely supervised by a staff member.

b. Special Housing Unit (SHU): Inmates housed in the SHU will normally receive their visitors in the Visiting Room during Monday visiting hours only. Institution
Supplement

1. PURPOSE AND SCOPE: The purpose of this institution supplement is to establish visiting procedures at the Federal Correctional Institution (FCI) and Satellite Prison Camp (SPC) Gilmer, for all inmates.

PROGRAM OBJECTIVES: The expected results of this program are to provide all inmates an opportunity to visit family, friends, and community groups consistent with the security and orderly running of the institution.

DIRECTIVES AFFECTED:

A. Directives Rescinded:
   GIL-5267.08, Visiting Regulations, (6/23/06)

B. Directives Referenced:

PROCEDURES:
Support Program (PVS) is a valuable volunteer program. The focus of PVS has always been to visit and provide moral support to inmates who do not ordinarily receive visits from family and friends. Through this program, inmates who are otherwise alienated from the community have the opportunity to develop healthy relationships and benefit from interaction with the PVS volunteers. Volunteers at FCI and SPC Gilmer are allowed to carry paper and writing implements into the visiting room. They are to be processed at the front lobby as volunteers. Their visits will be conducted during normal visiting hours. They are expected to adhere to the institution dress code and visiting policies.

I. Special Housing Unit (SHU) and Holdover Inmates: Visiting for SHU and Holdover inmates will be on Thursday from 8:00 a.m. to 3:00 p.m. All visits will be conducted in the visiting room. There are no non-contact visiting areas at FCI Gilmer. SHU inmates will be required to visit in hand restraints, martin chain, and leg restraints.

Inmates in administrative detention will be limited to a two hour visit. Inmates in disciplinary segregation will be limited to a one hour visit. Inmates in protective custody status, will be required to visit in an attorney room located inside the FCI visiting room, and will be kept separate from the other inmates who are in the visiting room.

Holdover inmates are classified as administrative detention inmates.
Visits for these inmates may be arranged when the inmate submits a request to his unit team. All requests should be submitted for approval two weeks prior to the date of the requested visit. These visits will be limited to legal visits and visits from the inmate's immediate family. Members of immediate family include father, mother, stepparents, foster parents, brother and sister, spouse, and children. Inmates in Holdover status will be limited to a two hour visit.

J. Visiting Procedures for Inmates in a Local Medical Facility: Upon request by the inmate or the inmate's family to visit an inmate in the hospital, the unit team will consult with the clinical director to obtain the inmate's medical status. If the inmate is in serious/critical condition, the unit team may prepare a request in memorandum format for immediate family to visit the inmate. This request will be routed through the Captain, Associate Warden (Programs), and Warden. The memorandum will contain the location of the inmate, his confirmed prognosis (non-specific), and the exact names/relationships of those wishing to visit. Verification will be obtained via the Pre-Sentence Investigation Report. The family will be informed of the approval and that all visits are subject to hospital visiting regulations.

The original memorandum will be maintained in the inmate's central file, with a copy to the operations lieutenant. The operations lieutenant will ensure the escorting staff members are made aware of the impending, approved visitation.

K. Procedures for Approving Exceptions to the Prior Relationship Requirements: Ordinarily a visitor not meeting prior relationship requirements will be denied. However, under special circumstances, the inmate can request a waiver through the Unit Counselor. The Associate Warden (Programs) will be the final approving authority.
INSTITUTION SUPPLEMENT

1. PURPOSE AND SCOPE: To afford offenders housed at the Federal Correctional Institution/Federal Prison Camp (FCI/FPC) in Greenville, Illinois, the privilege of having visitors of their choice within specific guidelines, in order to enhance inmate morale and to maintain relationships with their family or others in the community.

4. DESCRIPTION OF PROCEDURES:

   A. Preparation of the Inmate Visiting List: Upon admission to FCI/FPC Greenville, each inmate will be given a Visitor Information form (BP-S629.052) to be completed and returned to the Unit Team for final approval. The inmate will be required to forward a copy of the Visiting Regulations (Attachment A) and a Visitor Information form (BP-S629.052) to the proposed visitor(s). The Visitor Information form (BP-S629.052) must be returned to the Unit Team by the visitor prior to any further action concerning the visit. Upon receipt of the completed authorization form, the Unit Team will initiate a National Crime Information Center (NCIC)/National Law Enforcement Telecommunication System (NLETS) inquiry.

   After the appropriate investigation, the Unit Team will prepare and place a hard copy of the approved visiting list in the inmate’s central file. The Unit Team will notify the inmate of those visitors who have been approved. An inmate’s visiting list will not contain more than ten (10) friends and associates, other than immediate family members. NCIC/NLETS inquiries which result in denial of visitation will be retained in the FOI section of the
situation may arise where private conference rooms are in use, and the attorney does not wish to meet in a regular visiting room. When this occurs, the attorney is to be offered the opportunity to reschedule the visit when a more private area is available.

There will be no set standard operating procedures requiring or not requiring removal and inspection searches, but the determination should be made on a case by case basis taking into account the nature of the visit, credentials of the visitor, and their relationship to the inmate.

O. **Visits to Offenders not in Regular Population Status:**

1) **Admission and Holdover Status:** Visits occurring during the initial 72-hour intake period will be limited to immediate family, pending verification of proposed visitors. The Warden may limit to the immediate family of the inmate visits during the admission-orientation period or for holdovers where there is neither a visiting list from a transferring institution nor other verification of proposed visitors. Inmates transferred from other federal facilities will maintain their approved visiting list unless circumstances warrant a change. All visitors will be re-checked through NCIC/NLETS.

2) **Hospital Patients:** When visitors request to see an inmate who is hospitalized in the institution, the Associate Warden (Programs) will be the approving authority, after consulting with the Chief Medical Officer (or in his absence, the Health Services Administrator), and the Captain. When the Chief Medical Officer, or, the Health Services Administrator, recommends against the visit, because of the inmate’s medical condition, the situation is to be carefully explained to the proposed visitor and documented in the inmate’s central file. Visits to inmates hospitalized in the community may be restricted to only the immediate family. They are subject to the general visiting policy of that hospital and the prior approval of the Associate Warden (Programs).

3) **Special Housing Unit:** SHU visiting will occur on Tuesdays between the hours of 8:00 a.m. and 3:00 p.m. Visits will last a maximum of two hours. Visiting for inmates in SHU will be scheduled on a first come, first serve basis. There will be no more than six inmates permitted in the visiting room at one time, unless prior authorization is granted by the Captain. The Warden may authorize special visits for inmates who are not authorized visiting
during normal hours. Non contact visits in the Special Housing Unit, will be determined on a case by case basis and approved by the Warden or his/her designee. These visits will ordinarily be allowed during normal visiting hours.

P. **Entrance/Exit Procedures:**

Staff must be able to verify the identity of visitors prior to admission into the institution. Each visitor, age 16 and above, is required to present a form of government (i.e., passport, driver’s license, state or local identification card) photo identification. Mexican consular identification cards (matricular consular cards) will not be accepted as valid form of identification.

All visitors must clear the walk through metal detector in the front lobby and their personal belongings must be scanned through the front lobby x-ray machine. Items not authorized may be returned to the visitor’s vehicle, or placed in a secured visitor’s locker at the FPC and FCI. Staff may not accept articles or gifts of any kind for an inmate, unless prior approval from the Warden or designee in writing.

An inmate visitor may not leave money with any staff member for deposit in the inmate’s commissary account.

Visitors will not be allowed to bring in or give anything to an inmate.

If a visitor is found in violation of the rules and guidelines of the FPC and FCI, criminal prosecution may be initiated in the case of criminal violations. Any act or effort to violate the rules and guidelines of FPC and FCI visiting regulations may result in disciplinary action against the inmate, which may include the denial of future visits over an extended period of time.

1) **Professional Visits:** These visitors will be required to sign in upon arrival and departure. In addition, professional visitors, except Federal Law Enforcement Personnel, will be required to complete a Notification to Visitor form (BP-A224.022).

2) **Social Visitors:** These visitors will be required to complete a Notification to Visitor form (BPA224.022) upon arrival. These forms will be maintained for a period of one (1) year. The visitors will sign in upon arrival, and sign out when departing.

Inmate with inmate visits are scheduled for the third (3rd) Thursday of each month from 12 noon to 3:00 p.m. In addition, where both parents are incarcerated at MDC Guaynabo, visits with their kids will be allowed once a quarter (i.e., December, March, June, September, on the third Thursday of the month). The children may be accompanied by an immediate family member; these visits will be counted as a social visit and a point will be subtracted from each inmates’ visiting total. A memorandum prepared by the unit team will be forwarded to the Lieutenants’ Office and visiting room to inform staff which inmates will be visiting.

During an institution official count or census count, all inmates present in the visiting room will be double counted in the visiting room. Thirty (30) minutes prior to an official count or census count, the officer-in-charge (OIC) of the visiting room will prepare and submit an out-count form to the control center OIC. 3. IMPLEMENTATION:
   
   A. Visiting Area:
      
      All visits not requiring special security measures will be conducted in the institution Visiting Room. Separate rooms located in the visiting area are provided, subject to availability, for legal and diplomatic visits. These rooms will not be used for social visiting unless approved in advance by the Captain. When security concerns require a legal visit to occur elsewhere in the institution, Unit Team staff will, in consultation with the Operations Lieutenant, select an appropriate and available location, and supervise the visit.

      Inmates will not normally be permitted to use restroom facilities during social visits unless the visit exceeds one hour. Any inmate using the restroom shall be escorted and remain under constant visual staff supervision. Inmates requesting to depart the Visiting Room will not be readmitted. Visitors will immediately depart the Visiting Room after completion of their visit.

      NOTE: All inmates will be identified by picture card prior to the departure of their visitor(s) from the Visiting Room.
pertinent biographical data, sent to the Warden by PVS staff. Prior to approval, PVS visitors are subject to local law enforcement checks and NCIC clearance. Volunteer training provided by FDC Houston staff will be afforded to PVS visitors. Renewal of PVS visitor status is conducted every five years.

PVS visitors desiring to partake in inmate social visitation at FDC Houston may do so by scheduling their visit to the facility in advance. Such visits will ordinarily occur in the Visiting Room during normal visitation hours. Although PVS visitors will generally identify the inmates with whom they wish to visit through prior correspondence, Religious Services staff will facilitate this process. PVS visitors may generally bring paper and writing implements into the Visiting Room.

S. **Special Housing Unit (SHU) Inmates:**

Inmates housed in the SHU will be permitted to have visits in the same manner as other inmates unless restricted for security or discipline concerns. Inmates housed in the SHU will be seated in a designated area in the Visiting Room. SHU holdover inmates from other institution will be considered for social visiting during visiting sessions normally limited to legal visits.

Inmates housed in the SHU who the Warden determines are unable to have visitation in the Visiting Room due to security concerns will be considered for visitation in the SHU in the non-contact rooms. The Warden will identify the parameters of any visitation which occurs in the SHU on an individual basis. Visitors under the age of eighteen (18) years of age, however, are prohibited from visiting in the SHU under all circumstances.

T. **Violations of Regulations and/or Introduction of Contraband:**

If a visit is terminated because of an alleged violation of regulations, the officer identifying the violation will prepare and submit an incident report on the inmate(s) involved. The Operations Lieutenant will prepare a Temporary Restriction of Visitation memorandum and forward it to the Warden no later than two working days after the incident. Only the Warden may restrict visiting privileges pending final disposition of the Unit Disciplinary Committee or Disciplinary Hearing Officer. The Disciplinary Hearing Officer or Unit Disciplinary Committee should ordinarily impose the loss of visiting privileges as a sanction on inmates found to have committed prohibited act(s) involving violations of regulations and/or introduction of contraband.

The Bureau of Prisons may seek criminal prosecution against visitors who participate in criminal violations.

U. **Searching of Visitors:**

a. **Right of Refusal:** Visitors who refuse any such search or procedure and elect to leave the institution, will not be permitted to return for a visit without prior approval of the Associate Warden of Programs. The Operations Lieutenant will prepare a memorandum through the Captain to the Associate Warden of Programs when a visitor is denied entrance due to objecting to a search.

Administrative Remedy No. 479787-A1

Part B - Response

This is in response to your Central Office Administrative Remedy Appeal in which you object to your designation to the Communication Management Unit (CMU) at your current location. Although you contend this action violated your due process rights, you did not make a specific request.

Our review of this matter reveals both the Warden and the Regional Director comprehensively addressed your concerns. We reviewed relevant information and the rationale provided explaining your assignment to the CMU. We concur with the decision, finding no reason to reverse the decision made. We remind you the Bureau retains the discretion and authority to determine appropriate housing unit accommodations and assignments to institutions. Considering your July 2007 transfer to the CMU was not a punitive action, a due process hearing was not required. We find you have been appropriately designated and also advise you the continued necessity of your current designation will be reviewed at regular intervals. Records show your next scheduled program review is slated for July 2008.

Accordingly, we concur with the responses provided. This response is for informational purposes only.

Harrell Watts, Administrator
National Inmate Appeals
Inmates at the FPC will be pat-searched, and randomly visually searched at the conclusion of their visits.

F. SPECIAL CONCERNS OF THE VISITING ROOM OFFICERS:

1. Hospitalized Inmates:

   a. When visitors come to see an inmate who is housed in the Health Services Unit (HSU), the Health Services Administrator, in consultation with the Captain, will determine whether a visit may take place and, if so, whether it should be held in the HSU or some other location. When the Health Services Administrator recommends against the visit because the inmate is suffering from an infectious disease, is in a psychotic or emotional episode which makes visitation inadvisable, or is otherwise not in a condition to see visitors, the medical staff will inform the visitor of the denial of the visit.

   b. Inmates under escort and hospitalized in the community will not receive visitors unless authorized by the Warden, the Captain, and the Health Services Administrator.

   c. Normal visiting procedures will be followed: The visitor will complete a Notification to Visitor form and will be searched with a hand-held metal detector checked out from the control center. Only immediate family, who are on the inmate's approved visiting list, may visit. The length of the visit may not ordinarily exceed one (1) hour per authorization.

   d. The visit will be entered into the log book, and all forms will be brought back to the institution for retention.

   e. General visiting rules and regulations of the hospital will be observed at all times and may supersede these guidelines.

   f. Inmates on medical furlough and hospitalized in the community may receive visitors in accordance with local hospital visiting policy.

2. Inmates in Detention/Segregation/Holdover Status: Inmates in Detention/Segregation/Holdover status and their visitors will be required to be seated near the visiting room officer. Visiting for these inmates will terminate two (2) hours after their assigned times based on Camp, FSL or FCI status.
a. Staffs assigned to the Special Housing Unit (SHU) are responsible for knowing the procedures set forth in Institutional Supplement 5180.04C, Central Inmate Monitoring System. SHU staff will utilize SENTRY to insure an inmate housed in the SHU does not have any separation issues (i.e., an inmate from the FSL housed in the SHU with a separate’s at the FCI).

b. Inmates who have been verified as protective custody status inmates because there is threat to their safety will make their request to visit through their unit team. These inmates will not be allowed to visit in the visiting room, but in the Receiving and Discharge (R&D) area of the Inmate System Department. The pre-arranged visit will be supervised by unit staff, last no longer that two (2) hours, and will not interfere with R & D’s daily functions. Unit staff shall be responsible for the coordination of the visit to include an approval memo to be sent to the Captain, SHU Lieutenant, Front Entrance, R&D, and the original to the central file.

c. Inmates with the above status will make their request to their unit team and will indicate the date and time their visitors will be arriving. Inmates will not be authorized to use the restroom that their visitors use and will be responsible for informing their visitors that the visit shall last no longer than two (2) hours, prior to the visitor’s arrival.

3. **Special Visit Request:** On occasions, individuals come to the institution during normal visiting hours to visit an inmate without prior approval or notification to staff. The requested visit will normally be denied. If the visit is approved, unit staff on duty must enter the visitor into the computer system as a “special visit” with the appropriate information. The assigned Visiting Room Officer will be responsible for supervising the visit. In cases where there are extenuating circumstances and unit staff are not available, the Operations Lieutenant, in consultation with the Staff Duty Officer, will be contacted to render the final decision. When this occurs, it will be the responsibility of the Staff Duty Officer to:

a. Notify the inmate of the decision.

b. Prepare a memorandum for the inmate’s central file, via the appropriate Unit Manager, specifying the circumstances upon which the visit was either approved or denied.

c. In addition, there may be times when an inmate makes a request to have visitors come to the institution during non-visiting days or hours. If approved, the unit staff on duty must enter the visitor into the computer system as a “special visit” with the appropriate information.

g. **Record of Visitors.** Once a visitor has entered either Visiting Room, Visiting Room Officers will maintain a Visiting Record (Attachment B) on each inmate. In addition, Visiting Room Officers will complete a Visitor Tracking Record (Attachment C) to identify the visitor, and the time they enter/depart the Visiting Room, as well as the time an inmate is notified of his visit and when he actually enters/departs the Visiting Room. At the conclusion of the visiting day, the Visitor Tracking Record will be routed to the SIA. The visiting record will remain in the inmate’s visiting file.

h. **Inmate & Visitor Identification.** Each inmate being processed into the Visiting Room will be positively identified by their issued ID card prior to entering/departing the Visiting Room. The visitors ID will be maintained by the Visiting Room officer until the visit is completed. During times when a large group of visitors are departing, visitors will remain in the Visiting Room until all inmates have been identified, physical separation of inmates and visitors has been accomplished, and the count verified. The visitors will then be permitted to leave (no more than 5 at a time) under the supervision of the Escorting Officer. Additionally, a picture card file for all inmates housed at the USP will be maintained within the visual search room to assist in identifying inmates. This file will be audited by the Visiting Room staff once a week to ensure accuracy.

i. **Visits For Inmates Not in Regular Population Status of the Institution.**

Room staff. SHU inmates will sit in a designated location in the Visiting Room, as determined by the Visiting Room Officers.

Examples of who may require non-contact visiting are inmates who pose a threat to the security of the USP, identified Protective Custody inmates and inmates who were found to have committed drug-related prohibited acts. Visiting Room staff are responsible for ensuring all known separation requirements are met. When non-contact visiting is deemed appropriate, only two visitors will be permitted to visit at any time. It is the responsibility of the inmate to advise the visitors of this restricted status. Inmates who have committed drug-related prohibited acts will be subject to increased sanctions. The Discipline Hearing Officer may sanction an inmate to the loss of visiting privileges, to be followed by a period of non-contact visiting. The duration of these sanctions will increase with each additional drug-related prohibited act.

(3) **Pretrial and Holdover Inmates.** The USP and FPC are not designated as a pretrial or holdover facilities. In the event a pretrial/holdover inmate arrives, visitation will only be permitted for those individuals verified as immediate family members. The visits will be conducted in accordance with the provisions pertaining to SHU inmates.

(4) **Inmates Admitted to a Hospital.** Visiting may be permitted when an inmate is in a life threatening situation. If the inmate has an infectious disease or is mentally unstable and visiting is inadvisable, the circumstances will be carefully and sensitively explained to the visitor. Documentation of the explanation of condition will be forwarded to the Unit Team for retention in the privacy section (2) of the Central File. In instances when a visit is requested, a memorandum will be prepared by the Unit Team, listing each visitor (the visitor must be on the approved visiting list), and the date and time of visit.
