DECLARATION OF GITANJALI S. GUTIERREZ

Gitanjali S. Gutierrez, pursuant to penalty of perjury under 28 U.S.C. § 1746, does hereby state the following:

1. I am an attorney with the Center for Constitutional Rights, Inc. ("CCR"), one of three co-Plaintiffs in the above-captioned matter. The other co-Plaintiffs are Amnesty International USA ("AIUSA") and Washington Square Legal Services ("WSLS").

2. Among the Plaintiffs, there are four requests filed under the Freedom of Information Act ("FOIA") at issue in this litigation.

3. In the four requests ("Plaintiffs' Requests"), Plaintiffs seek records concerning rendition and secret detention of individuals in the "War on Terror," including records related to, *inter alia*, evaluations and authorizations, policies and procedures, identities of individuals and
locations, activities of private contractors and non-governmental actors, and treatment of, and injuries sustained by, individuals transferred or detained.

**FOIA Request of Co-Plaintiff CCR**

4. Plaintiff CCR sent the first request ("CCR Request") to Defendant Central Intelligence Agency ("CIA") on December 21, 2004. The CCR Request sought records related to various aspects of the CIA program of secret detention, enhanced interrogation and extraordinary rendition. A copy of that request from then CCR Deputy Legal Director Barbara Olshansky is attached hereto as Exhibit A.

5. In a letter dated February 2, 2005, Scott Koch, CIA Information and Privacy Coordinator, acknowledged receipt of the CCR Request and provided a reference number for processing. In the letter, the CIA denied CCR’s fee waiver and expedited processing requests. A copy of that letter from CIA Information and Privacy Coordinator Scott Koch to then CCR Deputy Legal Director Barbara Olshansky is attached hereto as Exhibit B.

6. In a letter dated February 25, 2005, CCR Staff Attorney Rachel Meeropol appealed the CIA’s fee waiver denial, asserting that the FOIA request falls squarely within the standards for fee waivers as the disclosure of responsive documents is “in the public interest because it is likely to contribute significantly to the public understanding of the operations or activities of the United States Government and is not primarily in the commercial interest of the requestor.” Plaintiff CCR is seeking from Defendant CIA a final, signed copy of the Letter from CCR Staff Attorney Rachel Meeropol to the CIA Agency Release Panel and will provide it to the Court upon receipt.

7. In a letter dated April 18, 2005, CIA Information and Privacy Coordinator Scott Koch acknowledged receipt of CCR’s February 25, 2005 letter of appeal of the CIA’s fee waiver
denial. A copy of that letter from CIA Information and Privacy Coordinator Scott Koch to CCR Staff Attorney Rachel Meeropol is attached hereto as Exhibit C.

8. During the administrative appeal stage, co-Plaintiff CCR never received a substantive response from the CIA to our request or any responsive documents or acknowledgement of the existence of documents responsive to their requests.

**FOIA Request of Co-Plaintiffs AIUSA and WSLS**

9. Plaintiffs AIUSA and WSLS sent the second and third requests ("AIUSA and WSLS Requests") to the CIA Information and Privacy Coordinator on April 25, 2006. One request sought the locations and identities of secret or irregular detainees, and records related to their “apprehension, transfer, detention, and interrogation.” The other request sought memoranda of understanding, reports, and documents created relating to U.S. reports to various international bodies related to ghost or unregistered detainees. A copy of those letters from AIUSA Deputy Director Curt Goering and New York University ("NYU") International Human Rights Clinic Director Margaret L. Satterthwaite are attached hereto as Exhibits D and E, respectively.

10. In two letters dated May 5, 2006, CIA Information and Privacy Coordinator Scott Koch acknowledged receipt of the AIUSA and WSLS Requests, denied expedited processing and assigned reference numbers to the two requests. A copy of the letters from CIA Information and Privacy Coordinator Scott Koch to Catherine Kane Ronis, WilmerHale Attorney and formerly Counsel to AIUSA, are attached hereto as Exhibits F and G, respectively.

11. In a letter dated July 3, 2006, AIUSA Deputy Director Curt Goering appealed the CIA’s denial of expedited processing in the two requests. A copy of the letter from AIUSA Deputy Director Curt Goering, International Human Rights Clinic Director Margaret L.
Satterthwaite and Catherine Kane Ronis, WilmerHale Attorney and formerly Counsel to AIUSA, to the CIA Information and Privacy Coordinator is attached hereto as Exhibit H.

12. During the administrative appeal stage, co-Plaintiffs AIUSA and WSLS never received a substantive response from the CIA to their requests or any responsive documents or acknowledgement of the existence of documents responsive to their requests.

Litigation

13. After exhausting administrative remedies without receiving a response from the CIA, co-Plaintiffs CCR, AIUSA and WSLS filed a joint complaint on June 7, 2007.

14. Attorneys for the CIA and Plaintiffs met in September and October 2007, when parties agreed to (1) the use of a representative sample for Vaughn purposes and (2) the use of the sampling agreement reached in ACLU, et al. v. DOD, et al., No. 04 Civ. 4151 (AKH), as a guide in negotiations. Under the ACLU formula, Plaintiffs were entitled to 385 sample documents but proposed 350 in an effort to expedite processing of the records. The CIA refused, forcing Plaintiffs to decide between delaying processing of the records and receiving a fair representative set. Plaintiffs chose to expedite processing and agreed to accept a 250 document sample.

15. Plaintiffs’ submission of suggested categories to the CIA was similarly refused. Citing workload and classified status concerns, the CIA only agreed to sort into a handful of categories: “source” categories—Office of Inspector General (“OIG”), Office of General Counsel (“OGC”), and non-OIG; and within each of those “source” categories, four “type” categories (memos/reports, emails, cables, and “miscellaneous”).

16. The agreements reached by parties were memorialized in a Stipulation dated April 21, 2008 (“Stipulation”), and so ordered by this Court on June 9, 2008. In the Stipulation, the
CIA agreed to (a) process responsive records, (b) provide Plaintiffs with releasable information, and (c) provide a sample set of Withheld Records, which include records from OIG investigations closed prior to June 7, 2007 ("Representative Set"). The CIA also agreed to provide separately a representative set, for records from OIG investigations closed between June 7, 2007 and December 1, 2007 ("Additional OIG Representative Set"). Stipulation Preamble, ¶¶ 10-13.

Co-Plaintiffs’ Fourth FOIA Request

17. During their negotiations, co-Plaintiffs submitted a list of specific documents known to exist and likely to be in the CIA’s possession and asked that these documents be Vaughn indexed outside the sample, similar to what was done in ACLU, et al. v. DOD, et al., supra. After the CIA refused to do so, Plaintiffs filed a separate FOIA request for these documents.

18. Co-Plaintiffs jointly filed their fourth request on December 28, 2007 ("Specific Documents Request"). This request sought seventeen specific documents or categories of documents known or believed to exist and be in the CIA’s possession, and understood to be responsive to the co-Plaintiffs original requests. A copy of the letter from International Human Rights Clinic Director Margaret L. Satterthwaite to the CIA Information and Privacy Coordinator is attached hereto as Exhibit I.

19. By letter dated January 30, 2008, the CIA approved the fee waiver request and denied expedited processing for co-Plaintiffs Specific Documents request. A copy of the letter from CIA Information and Privacy Coordinator Scott Koch to International Human Rights Clinic Director Margaret L. Satterthwaite is attached hereto as Exhibit J.
20. After receiving no substantive response to the Specific Documents Request, despite numerous inquiries to DOJ, Plaintiffs' amended their Complaint on June 6, 2008 to include this request in the above-captioned litigation, as consented to by the CIA. See Stipulation ¶ 19.

Supplemental Attached Exhibits

21. Attached hereto as Exhibit K is a true and correct copy of ACLU, et al. v. DOD, et al., No. 04 Civ. 4151 (AKH), Hr’g Tr. 1, 28-33, Jan. 16, 2008.

22. Attached hereto as Exhibit L is a true and correct copy of Letter from Sean H. Lane, Assistant United States Attorney for the Southern District of New York, to Alvin K. Hellerstein, U.S. District Court Judge (Feb. 5, 2008) (acknowledging that the Director of the CIA “made disclosures to the Senate Select Committee on Intelligence concerning the CIA’s past use of an interrogation technique known as waterboarding”).

23. Attached hereto as Exhibit M is a true and correct copy of Letter from Sean H. Lane, Assistant United States Attorney for the Southern District of New York, to Melanca D. Clark, Gibbons Del Deo Attorney for the plaintiffs in ACLU, et al. v. DOD, et al., supra, (May 23, 2008) (enclosing “redacted versions of those documents where the CIA determined that there is segregable information that can be produced” subsequent to the CIA Director’s official disclosure of the agency’s use of waterboarding detainees in U.S. custody, and less than two weeks after the Court in that case overruled certain of the CIA’s FOIA exemption invocations).

Re: Request Submitted Under the Freedom of Information Act

Dear Freedom of Information Officer:

This letter constitutes a request ("Request") pursuant to the Freedom of Information Act, 5 U.S.C. § 552 (FOIA). The Request is submitted on behalf of the Center for Constitutional Rights ("Requester").

We are filing this Request simultaneously with the Department of Defense (including its components, the Departments of the Army, Navy, and Air Force, and the Defense Intelligence Agency), the Department of Justice (including its components, the Federal Bureau of Investigation and Office of Intelligence Policy and Review), the Department of State, and the Central Intelligence Agency. By this letter, we also request expedited processing pursuant to 5 U.S.C. § 552(a)(4)(E).

**Background on Records Requested**

Recent news reports indicate that the Central Intelligence Agency ("CIA") has been secretly operating a holding and interrogation center ("CIA Guantánamo Center" or "Center") within the larger American military-run prison at Guantánamo Bay, Cuba ("Guantánamo"). The reports further indicate that individuals apprehended after September 11, 2001; and held by the United States at Guantánamo ("Detainees") in the CIA Guantánamo Center have been separately interrogated by CIA agents.¹

News reports also indicate that the CIA Guantánamo Center is "related to a network of holding centers operated by the CIA at undisclosed locations around the world"² since United States authorities began capturing individuals after the attacks of September 11, 2001.

² Id.
Other news reports state that the "buildings used by the CIA are shrouded by high fences covered with thick green mesh plastic and ringed with floodlights . . . [t]hey sit within the larger Camp Echo complex, which was erected to house the Defense Department's high value detainees and those awaiting military trials on terrorism charges." According to a military official, the "CIA's [Guantánamo] facility has been 'off-limits to nearly everyone on the base.'"

According to a report by the Washington Post, in contrast to the majority of detainees held at Guantánamo, the CIA detainees "are held under separate rules and far greater secrecy." Under a presidential decree and policies approved by Administration attorneys, "the CIA is allowed to capture and hold certain classes of suspects without accounting for them in any public way and without revealing the rules for their treatment." According to other news reports, these detainees have not and will not receive review of their status through the Combatant Status Review Tribunals.

In addition to the secret CIA Guantánamo Center, there have been numerous media reports during the last two years confirming the existence of CIA detention facilities located around the world, including one in an off-limits corner of the Bagram Airbase in Afghanistan, at Camp Cropper, a detention center on the outskirts of Baghdad International Airport, on ships at sea, on Britain's Diego García Island in the Indian Ocean, in a secret facility in Jordan, and in secret locations outside of Iraq. According to a report by Human Rights Watch, detainees are being held in more than 24 secret detention facilities across the globe. Furthermore, government officials have admitted that even within known facilities, CIA officials have employed a policy under which "ghost prisoners" captured in Iraq and Afghanistan have been interrogated by CIA agents and have had their "identities and locations withheld from relatives, the International Red Cross and even Congress." Finally,

reports have stated that CIA agents have spirited detainees in Iraq to third countries for interrogation under conditions which might violated the requirements of international humanitarian law.15

The Washington Post reports that other detainees captured during the war in Iraq are being held under the custody of an Army task force, "Task Force 6-26, in a secret facility in Iraq. According to that report, the Pentagon does not officially acknowledge the existence of the unit.16

The Request seeks records relating to the identity of, transport and location(s) of, authority over, and treatment of all unregistered, CIA, and "ghost" detainees interrogated, interrogated, and detained by any agency or department of the United States.

Both international and United States law unequivocally prohibit hiding individuals in such a manner even during wartime. The Geneva Conventions require the registration of all detainees with the Red Cross. They also prohibit "forcible transfers as well as deportations" of individuals, and ban all "physical or moral coercion . . . in particular to obtain information." The Convention Against Torture ("CAT"), which the United States has signed and ratified, prohibits the use of torture and the infliction of other cruel, inhuman or degrading treatment or punishment.17 The prohibition against torture is also codified in United States law at 18 U.S.C. § 2340A.

The CAT further provides that "[n]o State Party shall expel, return ("refouler") or extradite a person to another State where there are substantial grounds for believing that he

17 In this Request, the terms "torture" and "cruel, inhuman or degrading treatment or punishment" have the meaning accorded them in the CAT, as interpreted by the United Nations Committee Against Torture, Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment, Dec. 10, 1984, art. 1, S. Treaty Doc. No. 100-20 (1998), 1465 U.N.T.S. 85. The CAT defines "torture" as "any act by which severe pain or suffering, whether physical or mental, is intentionally inflicted on a person for such purposes as obtaining from him or a third person information or a confession, punishing him for an act he or a third person has committed or is suspected of having committed, or intimidating or coercing him or a third person, or for any reason based on discrimination of any kind, when such pain or suffering is inflicted by or at the instigation of or with the consent or acquiescence of a public official or other person acting in an official capacity." Id. The United Nations Committee Against Torture has held that the following techniques constitute "torture" as defined under the CAT: (1) restraining in very painful conditions, (2) hooding under special conditions, (3) sounding of loud music for prolonged periods, (4) sleep deprivation for prolonged periods, (5) threats, including death threats, (6) violent shaking, and (7) using cold air to chill. See Report of the Committee Against Torture, U.N. GAOR, 52d Sess., Supp. No. 44, at para 257, U.N. Doc. A/52/44 (1997). Our use of these terms also encompasses torture and/or "cruel inhuman or degrading treatment or punishment" under any other United States constitutional or statutory provision.
would be in danger of being subjected to torture.”

This provision is implemented in United States law by the Foreign Affairs Reform and Restructuring Act of 1998, which states that “if it shall be the policy of the United States not to expel, extradite, or otherwise effect the involuntary return of any person to a country in which there are substantial grounds for believing the person would be in danger of being subjected to torture, regardless of whether the person is physically present in the United States.”

To determine whether the United States is honoring its obligations under domestic and international law, Requesters seek the release of agency records as described in the numbered paragraphs below:

**RECORD REQUESTS**

12. 17. All records indicating whether and to what extent any other non-governmental organization or foreign government had, has or will have access to the Unregistered, CIA, and/or “Ghost” Detainees, including but not limited to records related to particular decisions to grant or deny them access to any Detainee or group of Detainees.

Fee Waiver

The Requester qualifies as “representatives of the news media” and the records are not sought for commercial use. Accordingly, fees associated with the processing of the Request should be “limited to reasonable standard charges for document duplication.” 5 U.S.C. § 552(a)(4)(A)(ii)(II). These organizations are “entities that gather . . . information of potential interest to a segment of the public, use . . . [their] editorial skills to turn the raw
materials into a distinct work, and distribute . . . that work to an audience.” *National Security Archive v. Department of Defense,* 880 F.2d 1381, 1387 (D.C. Cir. 1989).

The CCR is a legal and public education not-for-profit organization that engages in litigation, legal research, and the production of publications in the fields of civil and international human rights. CCR also publishes newsletters, know-your-rights handbooks, and other similar materials for public dissemination. These materials are available through CCR’s Development and Education & Outreach Departments. CCR also operates a website, www.ccr-ny.org, that addresses the issues on which the Center works. The website includes material on topical civil and human rights issues and material concerning CCR’s work. All of this material is freely available to the public.

The records requested are not sought for commercial use, and the requesters plan to disseminate the information disclosed as a result of this FOIA request through the channels described above.

We also request a waiver of fees on the grounds that disclosure of the requested records is in the public interest and because disclosure “is likely to contribute significantly to the public understanding of the activities or operations of the government and is not primarily in the commercial interest of the requester[s].” 5 U.S.C. § 552(a)(4)(A)(iii). This Request aims at furthering public understanding of government conduct, and specifically to help the public determine whether or not the government’s commitment to domestic and international proscriptions against torture is honored in practice.

As indicated above, numerous news articles reflect the significant public interest in the records we seek. See articles cited supra; see also *Answers about Torture,* Washington Post, Mar. 16, 2003, at B06 (“The Bush administration has categorically denied that it is torturing people. But it has offered no details regarding its policies toward interrogations . . . . The secrecy surrounding U.S. policy makes any objective assessment of these allegations impossible. . . . The public is entitled to a fuller understanding.”). Disclosure of the requested records will contribute significantly to the public’s understanding of government conduct.

If our request is denied in whole or part, we ask that you justify all deletions by reference to specific exemptions of the FOIA. We expect you to release all segregable portions of otherwise exempt material. We reserve the right to appeal a decision to withhold any information or to deny a waiver of fees.

Thank you for your prompt attention to this matter.

Dear Ms. Olshansky:

This is in response to your Freedom of Information Act (FOIA) request, dated 21 December 2004, in which you requested certain documents pertaining to "unregistered, CIA and/or 'ghost' detainees." We will begin processing your request in accordance with the FOIA, 5 U.S.C. § 552, as amended, and the CIA Information Act, 50 U.S.C. § 431, as amended. If documents exist, to the extent your latest request covers any material requested in your previous requests for information pertaining to detainees (F-2004-01456 and F-2004-00066), it will be treated as a duplicate request and not processed. We assigned your request the number referenced above. Please refer to this number in future correspondence about this request.

I reviewed your request for a fee waiver, in accordance with the CIA’s FOIA regulations, published in part 1900.13(b) of the Code of Federal Regulations: I have denied your request for a fee waiver because your request does not meet the standards for a fee waiver specified in the Agency’s regulations. You have the right to appeal this determination to the Agency Release Panel. If you wish to do so, please submit your appeal to the Agency Release Panel, in my care, within 45 days of the date of this letter.

Based upon the information provided in your letter and the requirements of Agency regulations, I have determined that your request falls into the "all other" fee category, which means that you will be responsible for search costs, beyond the first two hours of search time, and reproduction costs, beyond the first 100 pages. In accordance with Agency regulations, copying costs will be assessed at the rate of ten cents per page.
I reviewed your request for expedited processing, in accordance with Agency regulations. Your request does not meet the standards for expedited processing specified in Agency regulations and therefore is denied. The Agency will process your request in accordance with its standard procedures.

Sincerely,

Fee Waiver

The requestors qualify as “representatives of the news media” and the records sought are not for commercial use. Moreover, this Request “is likely to contribute significantly to the public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requestor[s].” 5 U.S.C. § 552(a)(4)(A)(iii).

Amnesty International is a non-governmental organization and a world-wide movement of members who campaign for internationally recognized human rights. AI publishes reports, press-briefings, newsletters and urgent action requests informing the public about human rights, including torture and disappearances. AI also disseminates information through its website www.amnesty.org.

³ Because of the nature of their detention, the requesters do not know the names or identities of those within the scope of this request. For examples of individuals that the United States has acknowledged detaining, but about whom the United States has not provided public information, see Center for Human Rights and Global Justice, Fate and Whereabouts Unknown: Detainees in the “War on Terror” (2005), available at http://www.nyuhr.org/docs/Whereabouts%20Unknown%20Final.pdf; and Human Rights Watch, “List of ‘Ghost Prisoners’ Possibly in CIA Custody (2005), available at http://hrw.org/english/docs/2005/11/30/wadom12109.htm. The scope of this request extends far beyond these examples.
The Center for Human Rights and Global Justice is a research center at NYU Law School. CHRGJ aims to advance human rights and respect for the rule of law through advocacy, scholarship, education and training. CHRGJ publishes reports and operates a website www.nyuhr.org discussing human rights issues.

The International Human Rights Clinic is a project of CHRGJ and an official program at NYU Law School, composed of students and directed by clinical professors, who engage in research and advocacy on human rights issues.

Washington Square Legal Services is a not-for-profit corporation that houses the clinical program of NYU Law School.

The requesters plan to disseminate the information disclosed as a result of this Request through the channels described above.

Expedited Processing

Expedited processing is warranted as there is a “compelling need” for the records sought in this Request. 5 U.S.C. § 552(a)(6)(E)(i)(I). This need arises because the requesters are “primarily engaged in disseminating information” and there is an “urgency to inform the public concerning actual or alleged Federal Government Activity.” 5 U.S.C. § 552(a)(6)(E)(v)(II). See also 32 C.F.R. § 286.4(d)(3)(ii) (DOD); 6 C.F.R. § 5.5(d)(1)(ii) (DHS); 28 C.F.R. § 16.5(d)(1)(ii) (DOJ); 22 C.F.R. § 171.12(b)(2) (DOS).

CHRGJ is primarily engaged in disseminating information about human rights, through its reports, newsletters, press-briefings, urgent action requests, and on its website. CHRGJ is engaged in disseminating information about human rights, including in particular, the Federal Government’s role in upholding human rights. As indicated above, this information is disseminated through published reports and CHRGJ’s website. The Clinic actively supports this work, and WSLS houses the clinic. As reflected in the media articles cited above, there is an urgent need to provide the public with information relating to the U.S. government’s practices concerning unregistered or ghost detainees.

There is also a “compelling need” because failure to obtain the records on an expedited basis “could reasonably be expected to pose an imminent threat to the life or physical safety of an individual.” 5 U.S.C. § 552(a)(6)(E)(v)(I). See also 32 C.F.R. § 286.4(d)(3)(i) (DOD); 6 C.F.R. § 5.5(d)(1)(i) (DHS); 28 C.F.R. § 16.5(d)(1)(i) (DOJ); 22 C.F.R. § 171.12(b)(1) (DOS). This Request arises in the context of allegations of ongoing unlawful detention and abuse of individuals with the involvement of U.S. agents abroad. Failure to publicly expose and thereby halt any such practices could reasonably be expected to pose an imminent threat to the physical
safety and lives of individuals whose identities we are unable to ascertain without the records sought herein.

AI and WSLS certify that the foregoing statements regarding the basis for expedited processing are true and correct to the best of their knowledge and belief. 5 U.S.C. § 552(a)(6)(E)(vi). See also 32 C.F.R. § 286.4(d)(3)(iii) (DOD); 6 C.F.R. § 5.5(d)(3) (DHS); 28 C.F.R. § 16.5(d)(3) (DOJ); 22 C.F.R. § 171.12(b) (DOS).

If this Request is denied in whole or part, we ask that you justify all deletions by reference to specific exemptions of the FOIA. We expect release of all segregable portions of otherwise exempt material. We also reserve the right to appeal a decision to withhold any information or to deny a waiver of fees.

As indicated above, we are applying for expedited processing of this Request. Notwithstanding your determination of that application, we look forward to your reply to the Request within twenty (20) days, as required under 5 U.S.C. § 552(a)(6)(A)(i).

Dear Freedom of Information Officer:

This letter constitutes a request ("Request") pursuant to the Freedom of Information Act, 5 U.S.C. § 552 ("FOIA"). The Request is submitted on behalf of Amnesty International ("AI") and Washington Square Legal Services, Inc. ("WSLS"). AI is a non-government organization and a world-wide movement of members who campaign for internationally-recognized human rights. WSLS is the corporation that houses the International Human Rights Clinic ("the Clinic") of the New York University School of Law ("NYU Law School"). The Clinic is a project of NYU Law School’s Center for Human Rights and Global Justice ("CHRJ").

We are filing this request simultaneously with the Department of Defense (including its components, the Department of the Army, Navy and Air Force, the Marine Corps, and the Defense Intelligence Agency), the Department of Justice (including its components, the Federal Bureau of Investigation and Office of Intelligence Policy and Review), the Department of State, the Central Intelligence Agency, and the Department of Homeland Security (including its components the Office of Intelligence and Analysis, the Directorate for Policy, U.S. Immigration and Customs Enforcement, U.S. Citizenship and Immigration Services, U.S. Coast Guard, and U.S. Customs and Border Protection). By this letter, we also request expedited processing pursuant to 5 U.S.C. § 552(a)(6)(E).

We are seeking the opportunity to inspect and copy, if necessary, all records in the possession of the Department, including any officers, divisions or bureaus thereof, on the topics listed below.
Definitions

For purposes of this request, the following terms shall be understood as described below:

The term “records” includes any and all reports, statements, examinations, memoranda, correspondence (including electronic mail), designs, maps, photographs, microfilms, computer tapes or disks, rules, regulations, codes, handbooks, manuals, or guidelines.

The term “government official” includes any U.S. government employee, and any person providing services to any agency of the United States government on a contractual basis, regardless of his or her rank or ability to speak or make decisions on behalf of the U.S. government.

The term “foreign official” includes any foreign government employee, and any person providing services to any agency of a foreign government on a contractual basis, regardless of his or her rank or ability to speak or make decisions on behalf of the foreign government.

The term “communication” means the giving, receiving, transmitting, or exchanging of information, including, but not limited to, any and all written, printed, telephonic, electronic, and in-person conversations by and with any person, and/or talk, gestures, or documents which memorialize or refer to any communications.

The term “detainee” means any person deprived of their liberty by one or more individuals or agencies who is prevented by any means from leaving the place in which he or she is being held. The term “detention” means depriving any person of their liberty such that they are prevented by any means from leaving the place in which they are held.

The term “place of detention” means any place or facility in which a “detainee” is kept, inside or outside the United States, regardless of whether it is officially recognized as a place of detention.

Unless otherwise specified, this request relates to all records generated between September 11, 2001 and the present.
Memoranda of Understanding

The practice of persons being kept as “off-the-record” detainees in military prisons has been well documented. In this context, “ghost” or “unregistered” detainees are understood to refer to those detainees who were at some point during their detention, or remain: not “officially” registered at military facilities; “kept off the books”; and/or denied access to the International Committee of the Red Cross (ICRC). Documents produced by the Department of Defense on March 3, 2005 pursuant to an ACLU FOIA request and a media report in the

The A519th soldiers initiated the term ‘ghost.’ They stated they used this term as the detainees were not in-processed in the normal way via the MP database and were not yet categorized. It was difficult to track these particular detainees and I and other officers recommended that a Memorandum of Understanding be written up between OGA, the 205th MI BDE and the 800th MP BDE to establish procedures for a ghost detainee”); Sworn Statement of Deputy CJ2, CJTF-7, Annex to Fay/Jones/Kern Report, in Department of Defense FOIA Release, at 000726-000729, available at http://www.aclu.org/torturefoia/release/030905/ (“...in reference to Ghost detainees, OGA would bring in detainees for a short period of time. [REDACTED] brought them in. These particular ghost detainees were not yet categorized and OGA was working on that. It was very difficult keeping track of these OGA because they were not processed until OGA decided to turn them over to us. COL PAPPAS was not happy with that procedure.”)
Washington Post dated March 11, 2005 indicate that this arrangement for "ghosting" was not "ad hoc" but was embodied in a Memorandum of Understanding (MOU) between military officials and the CIA. The exact contours of this arrangement are not publicly known as a copy of this MOU was not included in the documents released by the Department of Defense.

Records Requested

We seek the following records relating to the arrangement described above:

1. Any memorandum of understanding, or other record reflecting an agreement or proposed agreement between agencies, or between any agency and any subdivision or official, concerning the handling of ghost or unregistered detainees. This includes but is not limited to:

   (a) Any record reflecting communications about whether or not to draft any memorandum of understanding or agreement regarding unregistered or ghost detainees.

   (b) Any record reflecting communications about the content of any memorandum of understanding or agreement regarding unregistered or ghost detainees.

2. Any record reflecting a policy, whether formal or informal, about the reception, detention, or movement of unregistered or ghost detainees.

3. Any memorandum of understanding, or other record reflecting an agreement between any agencies, or between any subdivision or official or any other agency, regarding the transfer of detainees from the custody of one agency to that of another.

[REDACTED] recommended that a Memorandum of Understanding be written up between OGA and MI on the procedures to drop off a ghost detainee. COL PAPPAS met with OGA and TF-121 and the memorandum on procedures for dropping ghost detainees was signed.

Re: Freedom of Information Act Appeal - Case Numbers F-2006-00994 and F-2006-01014

Dear Sir or Madam:

On April 25, 2006 Amnesty International USA ("Amnesty") and Washington Square Legal Services ("WSLS") filed two requests for information under the Freedom of Information Act regarding detainees secretly held by the United States Government, including "Ghost Detainees/Prisoners," "Unregistered Detainees/Prisoners" and "CIA Detainees/Prisoners" ("the Requests"). Your agency, the Central Intelligence Agency ("CIA"), assigned the Requests case numbers F-2006-00994 and F-2006-01014. Although the Department of Justice's Office of Public Affairs granted our request for expedited processing for identical requests, you denied our request for expedited processing on May 5, 2006. Copies of the Requests and the denial letters are attached. See Exhibits A-D.

Amnesty and WSLS hereby appeal the CIA's denial of expedited processing of the Requests. As set forth in 5 U.S.C. § 552(a)(6)(E)(i)(I) and 32 C.F.R. § 1900.34, information requests qualify for expedited processing where (1) the failure to obtain the requested information on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of at least one individual, or (2) where the requestor is primarily engaged in disseminating information and the information requested here is relevant to a matter of public urgency concerning an actual or alleged Federal government activity. As demonstrated in our original requests, and elaborated upon below, the Requests qualify for expedited treatment under both standards.

Amnesty International USA is the U.S. Section of Amnesty International. See http://www.amnestyusa.org/about/.
1. Amnesty is primarily engaged in disseminating information and there is a clear "urgency to inform the public concerning actual or alleged government activity."

a. Amnesty is primarily engaged in disseminating information

Amnesty plainly qualifies as an entity primarily engaged in disseminating information. As a human rights organization, Amnesty's primary activity involves disseminating information to the public regarding human rights. According to its governing statute, Amnesty's human rights mission is accomplished by disclosing human rights abuses accurately, quickly and persistently. It researches individual cases as well as patterns of human rights abuses and then "these findings are publicized, and members, supporters and staff mobilize public pressure on governments and others to stop the abuses." As it explains on its website: "We search out the facts. We send experts to talk with victims, observe trials and interview local human rights activists and officials. We monitor thousands of media outlets and maintain contact with reliable sources of information all over the world. We publish detailed reports. We inform the news media. We publicize our concerns in leaflets, posters, advertisements, newsletters and websites." Amnesty disseminates this information through its heavily subscribed website, <www.amnestyusa.org>, and directs e-mails to its more than 330,000 members in the United States. The website addresses human rights issues in depth, provides features on human rights issues in the news, and contains an online library containing thousands of documents and articles relating to the issues addressed by Amnesty -- including information and documents obtained on issues covered by the Requests. Amnesty also conducts news briefings, issues press releases,

---

2. As explained in the Requests, WSLS is also an entity primarily engaged in disseminating information. However, because Amnesty clearly meets this requirement, the Requests qualify for expedited treatment regardless of whether WSLS also qualifies. See ACLU v. DOJ, 321 F. Supp. 2d 24, 30 n5 (2004) ("as long as one of the plaintiffs qualifies as an entity 'primarily engaged in disseminating information' the requirement is satisfied") (citing Al-Fayed v. CIA, 254 F.3d 300, 309 (D.C. Cir. 2001)).

6. See e.g., Amnesty International, Public Statement (with Human Rights Watch, the International Commission of Jurists and the Association for the Prevention of Torture), Twelve Steps to End Renditions and Secret Detentions in
and publishes newsletters, annual country reports, a quarterly magazine and other materials. Indeed, Amnesty’s mission fundamentally depends on disseminating information to its members, governments and the public. Thus, “the publicizing of human rights abuses is a core component of Amnesty International’s mission and is central to all of its activities.”

Courts have determined that entities similar to Amnesty are primarily engaged in dissemination of information for the purpose of receiving expedited processing of their FOIA requests. See e.g., Leadership Conference on Civil Rights v. Gonzales, 404 F. Supp. 2d 246, 260 (D.D.C. 2005) (determining that the Leadership Conference on Civil Rights, a coalition of national organizations whose mission is to promote civil rights legislation and policy, was primarily engaged in dissemination of information for the purpose of expediting its FOIA requests); ACLU, 321 F. Supp. 2d at 29 n5 (determining that the Electronic Privacy Information Center (EPIC), a public interest research organization, was primarily engaged in dissemination of information for the purposes of expediting its request); Electronic Privacy Info. Center v. DOD, 241 F. Supp. 2d 5, 11 (D.D.C. 2003) (determining that EPIC was a representative of the news media for the purposes of a fee waiver). In making this determination, the critical question is whether the entity in question "gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw material into a distinct work, and distributes that work to an audience." EPIC, 241 F. Supp. 2d at 11. While the EPIC Court discussed this standard in the context of whether or not the EPIC met the "representative of the news media" requirement for a fee waiver, the analysis applies with equal force to the very similar "primarily engaged in disseminating information" requirement for expedited processing. See ACLU, 321 F. Supp. 2d at 29 n5 (relying on the same language from EPIC, 241 F. Supp. 2d at 11, in Europe, June 27, 2006, IOR 10/001/2006; Amnesty International, Public Statement, Council of Europe: PACE calls for an end to rendition and secret detention, June 27, 2006, IOR 10/002/2006; Amnesty International, Press Release, USA: Front companies used in secret flights to torture and "disappearance," May 4, 2006, AMR 51/054/2006; Amnesty International, Press Release, US: Government creating "climate of torture," May 3, 2006, AMR 51/070/2006; Amnesty International, Europe: Partners in crime: Europe's role in US renditions, June 14, 2006, EUR 01/008/2006; Amnesty International, Below the radar: Secret Flights to torture and 'disappearance,' April 5, 2006, AMR 51/051/2006; Amnesty International, Secret Detention in CIA "Black Sites," Nov. 8, 2005, AMR 51/177/2005. All of these documents are available on <www.amnestyusa.org>.

7 The fact that Amnesty publishes these periodicals alone is sufficient to establish that Amnesty is a representative of the media, see EPIC, 241 F. Supp. 2d at 11-14 (concluding that EPIC is a news media entity because it publishes periodicals); National Security Archive v. DOD, 880 F.2d 1381, 1386 (D.C. Cir. 1989), and therefore to meet the "primarily engaged in disseminating information" standard. See ACLU v. DOJ, 321 F. Supp. 2d 24, 29 n5 (D.D.C. 2004).

8 Declaration of Curt Goering, Senior Deputy Executive Director for Policy and Programs, Amnesty International, USA, ¶ 5 (attached as Exhibit E).
concluding that EPIC was primarily engaged in dissemination of information for the purposes of expediting its request). 97

Given the extent of Amnesty's disclosure of human rights information and publishing activities, the organization easily satisfies the "primarily engaged in disseminating information" requirement for expedited processing of the Requests.

b. There is "urgency to inform the public" about secret or irregular apprehension, transfer or detention

There is also clear urgency to inform the public on the issues of secret detention, ghost detainees, and extraordinary rendition. Courts have consistently recognized that ongoing media attention to an issue is an indicator of urgency. See Al-Fayed v. CIA, 254 F.3d 300, 308 (2001) (recognizing fact that an issue "is the subject of current news coverage" is an important factor in deciding whether compelling need exists); ACLU of Northern Cal. v. DOD, 2006 WL 1469418, *7 (N.D. Cal. May 25, 2006) ("If anything, extensive media interest usually is a fact supporting not negating urgency in the processing of FOIA requests.") (emphasis in original); ACLU, 321 F. Supp. 2d at 29-31 (newspaper articles reflecting public concern a factor supporting finding of urgency).

The Requests clearly relate to a subject of general public interest and ongoing media attention. As explained in the original Requests, media sources around the world have avidly covered news related to these matters, but much pertinent information concerning rendition and ghost detainees is not yet known to the public. Indeed, media interest in secret detention, ghost detainees, and extraordinary rendition has only increased since the filing of the original Requests. 10

97 See also 32 C.F.R. § 286.4(d)(3)(ii) (Department of Defense Regs) ("Representatives of the news media . . . would normally qualify as individuals primarily engaged in disseminating information.").

10 See e.g., Jan Sliva, EU concedes rendition flights took place, The Herald, (June 28, 2006); Ike Seamans, Above the law, The Miami Herald, (June 25, 2006); MIDDLE EAST: Region still lacks support for torture victims, say observers, Reuters Foundation, (June 25, 2006); The Detention Dilemma, The Washington Post, (June 19, 2006); Barrie Dunsmore, Ugly portrait emerges dot by dot, Times Argus, (June 18, 2006); Josh White, Bad Advice Blamed For Banned Tactics, The Washington Post, (June 17, 2006); Anemona Hartocollis, Judges Press CIA Lawyer Over Withheld Documents, The New York Times, (June 13, 2006); Court Weighs ACLU Request on CIA Terror Documents, New York Sun, (June 13, 2006); Larry Neumeister, Court Urges to Protect CIA Detention Info, Guardian Unlimited (June 13, 2006); Euro MP's to Extend Probe Into CIA Activities, Expatica, (June 13, 2006); Court Will Investigate Alleged CIA Flights, Los Angeles Times, (June 13, 2006); Jeremy Smith, EU Lawmakers Back Report on CIA Terror Kidnappings, Reuters, (June 12, 2006); Jan Sliva, Probe of CIA Prisons Implicates EU Nations, Forbes, (June 7, 2006).
In addition, the urgency to inform the public is further underscored here by the fact that the European Union and the Council of Europe are conducting official investigations into the practice of rendition and the involvement of European countries in extraordinary rendition and secret detention. 11 In the last month alone, each of the investigations has produced a report, thereby further heightening public interest in these topics. 12 These European investigations have encountered difficulties in obtaining information about these practices 13 and have highlighted the extent to which there is a lack of information about the system. 14 Where public debate and

investigations are ongoing, there is a particular value to the disclosure of information, in order to accurately frame the debate or conclude the investigation.

Finally, the urgent need to inform the public about secret detention, ghost detainees, and extraordinary rendition is further supported by the fact that these alleged government practices are ongoing. As a result, the alleged program's details and the potential violation of individuals' human rights are of immediate concern to Amnesty and the general public. See ACLU, 321 F. Supp. 2d at 30 ("Because the records that plaintiffs seek relate to current surveillance efforts, the potential invasion of the public's privacy interests is of immediate concern, weighing in favor of a finding of expediency").

In short, given the widespread and continuing interest that surrounds these issues, the fact that both the controversy and the alleged government programs are ongoing, and that fundamental components of the alleged program are still unknown, it is clear that there is urgency to inform the public about the information sought by the Requests.

2. "Failure to obtain the records on an expedited basis could reasonably be expected to pose an imminent threat to the life or physical safety of an individual"

Amnesty and WSLS have requested information regarding the government's program for secretly or irregularly apprehending, transferring or detaining individuals, which allegedly involves the ongoing unlawful detention and abuse of individuals by or with the involvement of U.S. agents. There are publicly reported allegations that individuals are being abused as part of the government's secret detention programs. The Requests therefore satisfy the requirement that denying a request for expedited processing "could reasonably be expected to pose an imminent threat to the life or physical safety of at least one individual."

For example, ABC News reported that ten detainees held by the U.S. in secret sites were subjected to "enhanced interrogation techniques," including waterboarding.151 The Washington Post reported that one suspect held in custody by the U.S. Government was held incommunicado for nearly five months, and subjected to threats of violence and physical harm. The captive was reportedly told "You are in a country where no one knows about you, in a country where there is no law. If you die, we will bury you, and no one will know." He was kicked and beaten, and

analysis of his hair after he was released revealed he was malnourished during his captivity. 16
In addition, there have been reports of torture of CIA "ghost detainees" in Afghanistan 17 and in
Iraq 18, including, in at least one case, the death of a prisoner, Manadel al-Jamadi. 19 Amnesty
International's research shows that other individuals secretly detained suffered mistreatment, 20
and that torture and other forms of ill-treatment is typical of the experience of those subjected to
extraordinary rendition. 21 It has further been reported that the United States' secret detention
system has been designed to facilitate the gathering of intelligence unhindered by the due process

rights that normally guard against this abuse. Finally, it is widely recognized that secret detention is conducive to torture and other forms of human rights violations.

If these reports are accurate, there plainly is an immediate threat to the life and physical safety of a number of individuals. Expedited processing of records is therefore required to prevent further harm to individuals currently detained and those likely to be detained in the future.

Re: Request Submitted Under the Freedom of Information Act for Records Concerning Detainees, including “Ghost Detainees/Prisoners,” “Unregistered Detainees/Prisoners,” and “CIA Detainees/Prisoners.”

Dear Freedom of Information Officer:

This letter constitutes a request (“Request”) pursuant to the Freedom of Information Act, 5 U.S.C. § 552 (“FOIA”). The Request is submitted on behalf of Amnesty International (“AI”) and Washington Square Legal Services, Inc. (“WSLS”). AI is a non-government organization and a world-wide movement of members who campaign for internationally-recognized human rights. WSLS is the corporation that houses the International Human Rights Clinic (“the Clinic”) of the New York University School of Law (“NYU Law School”). The Clinic is a project of NYU Law School’s Center for Human Rights and Global Justice (“CHRJ”).

We are filing this request simultaneously with the Department of Defense (including its components, the Department of the Army, Navy and Air Force, the Marine Corps, and the Defense Intelligence Agency), the Department of Justice (including its components, the Federal Bureau of Investigation and Office of Intelligence Policy and Review), the Department of State, the Central Intelligence Agency, and the Department of Homeland Security (including its components the Office of Intelligence and Analysis, the Directorate for Policy, U.S. Immigration and Customs Enforcement, U.S. Citizenship and Immigration Services, U.S. Coast Guard, and U.S. Customs and Border Protection). By this letter, we also request expedited processing pursuant to 5 U.S.C. § 552(a)(6)(E).

We are seeking the opportunity to inspect and copy, if necessary, all records in the possession of the Department, including any officers, divisions or bureaus thereof, on the topics listed below.
Definitions

For purposes of this request, the following terms shall be understood as described below:

The term “records” includes any and all reports, statements, examinations, memoranda, correspondence (including electronic mail), designs, maps, photographs, microfilms, computer tapes or disks, rules, regulations, codes, handbooks, manuals, or guidelines.

The term “government official” includes any U.S. government employee, and any person providing services to any agency of the United States government on a contractual basis, regardless of his or her rank or ability to speak or make decisions on behalf of the U.S. government.

The term “foreign official” includes any foreign government employee, and any person providing services to any agency of a foreign government on a contractual basis, regardless of his or her rank or ability to speak or make decisions on behalf of the foreign government.

The term “communication” means the giving, receiving, transmitting, or exchanging of information, including, but not limited to, any and all written, printed, telephonic, electronic, and in-person conversations by and with any person, and/or talk, gestures, or documents which memorialize or refer to any communications.

The term “detainee” means any person deprived of their liberty by one or more individuals or agencies who is prevented by any means from leaving the place in which he or she is being held. The term “detention” means depriving any person of their liberty such that they are prevented by any means from leaving the place in which they are held.

The term “place of detention” means any place or facility in which a “detainee” is kept, inside or outside the United States, regardless of whether it is officially recognized as a place of detention.

Scope of Request

Unless otherwise stated, this request refers to individuals who were, have been, or continue to be deprived of their liberty by or with the involvement of the United States and about whom the United States has not provided public information. These individuals have been referred to, among other things, as “ghost detainees/prisoners,” “unregistered detainees/prisoners,” “CIA detainees/prisoners” and “Other Governmental Agency Detainees” (“OGA Detainees”). These individuals have reportedly been held in various locations, including regular and irregular detention facilities, ships, aircraft, and military bases.
Although not limited to any specific geographic area, this request pertains particularly to the following places:

Afghanistan  Azerbaijan  Bulgaria  Djibouti
Egypt        Germany     Indonesia  Iraq
Jordan       Kosovo      Macedonia Morocco
Pakistan     Poland      Romania   Syria
Thailand     Turkey      Ukraine
United Kingdom (including Diego Garcia)
United States (including all territories under the S.M.T.J)
Uzbekistan  Yemen

This Request does not seek records related to the formal extradition of individuals.

Requested records pertain to persons apprehended since September 11, 2001.

Background

Numerous media reports indicate that the United States is involved in the secret or irregular apprehension, transfer, and detention of individuals on foreign territory.¹ These reports suggest that the government secretly detains and transports individuals on U.S. ships, military bases, and U.S.-chartered planes, as well as in foreign states.²

Please disclose any records reflecting, discussing or referring to the policy and/or practice concerning:

1. The apprehension, transfer, detention, and interrogation of persons within the Scope of Request, including but not limited to:

   (a) The transfer of intelligence by one or more U.S. agencies or government officials to one or more foreign agencies or officials, in connection with the apprehension or detention of a person.

   (b) A request or direction by one or more U.S. agencies or government officials to one or more foreign agencies or officials regarding the apprehension of any person, and any related agreement concerning such apprehension.

   (c) The apprehension of a person in a foreign country by, with the involvement of, or in the presence of one or more U.S. officials.

   (d) The transfer of a person from any country to any other country for the purpose of detention and/or interrogation, at the direction or request or with the knowledge of one or more U.S. agencies or officials.

   (e) The transfer of a person from one place of detention to another within the same country at the direction or request or with the knowledge of one or more U.S. agencies or officials.

   (f) The detention of a person in a foreign country at the direction or request of one or more U.S. agencies or officials, including any agreement concerning the detention.

   (g) One or more U.S. agencies or officials seeking and/or being granted access to a foreign national detained in a foreign country.

   (h) One or more U.S. agencies or officials being present in a place of detention in a foreign country. This does not include visits to U.S. citizens by U.S. officials pursuant to the Vienna Convention on Consular Relations.

   (i) One or more U.S. agencies having control, direction, or administration of a subdivision, portion, or “cell” of a place of detention in a foreign country.
2. Current and former places of detention where individuals within the Scope of Request have been or are currently held, including but not limited to:

(a) Any place of detention in a foreign country being under the control, direction, or administration of one or more U.S. agencies.

(b) Any place of detention that is not under the control, direction or administration of one or more U.S. agencies, where a detainee is held at the request or instruction of one or more U.S. agencies or officials.

(c) Any subdivision, portion, or "cell" of a place of detention in a foreign country under the control, direction, or administration of one or more U.S. agencies.

(d) Any agreement between the U.S. government or one or more U.S. agencies or officials, and a foreign government or one or more foreign agencies or officials, in relation to a place of detention in a foreign country, regardless of whether that place of detention is foreign or U.S.—controlled.

3. The names and identities of detainees who fall within the scope of this request.³

Fee Waiver

The requestors qualify as "representatives of the news media" and the records sought are not for commercial use. Moreover, this Request "is likely to contribute significantly to the public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester[s]." 5 U.S.C. § 552(a)(4)(A)(iii).

Amnesty International is a non-governmental organization and a world-wide movement of members who campaign for internationally recognized human rights. AI publishes reports, press-briefings, newsletters and urgent action requests informing the public about human rights, including torture and disappearances. AI also disseminates information through its website www.amnesty.org.

³ Because of the nature of their detention, the requesters do not know the names or identities of those within the scope of this request. For examples of individuals that the United States has acknowledged detaining, but about whom the United States has not provided public information, see Center for Human Rights and Global Justice, Fate and Whereabouts Unknown: Detainees in the "War on Terror" (2005), available at http://www.nyuhr.org/docs/Whereabouts%20Unknown%20Final.pdf; and Human Rights Watch, "List of 'Ghost Prisoners' Possibly in CIA Custody (2005), available at http://hrw.org/english/docs/2005/11/30/usdcm12109.htm. The scope of this request extends far beyond these examples.
The Center for Human Rights and Global Justice is a research center at NYU Law School. CHRGJ aims to advance human rights and respect for the rule of law through advocacy, scholarship, education and training. CHRGJ publishes reports and operates a website www.nyuhr.org discussing human rights issues.

The International Human Rights Clinic is a project of CHRGJ and an official program at NYU Law School, composed of students and directed by clinical professors, who engage in research and advocacy on human rights issues.

Washington Square Legal Services is a not-for-profit corporation that houses the clinical program of NYU Law School.

The requesters plan to disseminate the information disclosed as a result of this Request through the channels described above.

**Expedited Processing**

Expedited processing is warranted as there is a “compelling need” for the records sought in this Request. 5 U.S.C. § 552(a)(6)(E)(I)(I). This need arises because the requesters are “primarily engaged in disseminating information” and there is an “urgency to inform the public concerning actual or alleged Federal Government Activity.” 5 U.S.C. § 552(a)(6)(E)(v)(II). See also 32 C.F.R. § 286.4(d)(3)(ii) (DOD); 6 C.F.R. § 5.5(d)(1)(ii) (DHS); 28 C.F.R. § 16.5(d)(1)(ii) (DOJ); 22 C.F.R. § 171.12(b)(2) (DOS).

AI is primarily engaged in disseminating information about human rights, through its reports, newsletters, press-briefings, urgent action requests, and on its website. CHRGJ is engaged in disseminating information about human rights, including in particular, the Federal Government’s role in upholding human rights. As indicated above, this information is disseminated through published reports and CHRGJ’s website. The Clinic actively supports this work, and WSLS houses the clinic. As reflected in the media articles cited above, there is an urgent need to provide the public with information relating to the U.S. government’s practices concerning unregistered or ghost detainees.

There is also a “compelling need” because failure to obtain the records on an expedited basis “could reasonably be expected to pose an imminent threat to the life or physical safety of an individual.” 5 U.S.C. § 552(a)(6)(E)(v)(I). See also 32 C.F.R. § 286.4(d)(3)(i) (DOD); 6 C.F.R. § 5.5(d)(1)(i) (DHS); 28 C.F.R. § 16.5(d)(1)(i) (DOJ); 22 C.F.R. § 171.12(b)(1) (DOS). This Request arises in the context of allegations of ongoing unlawful detention and abuse of individuals with the involvement of U.S. agents abroad. Failure to publicly expose and thereby halt any such practices could reasonably be expected to pose an imminent threat to the physical
safety and lives of individuals whose identities we are unable to ascertain without the records sought herein.

AI and WSLS certify that the foregoing statements regarding the basis for expedited processing are true and correct to the best of their knowledge and belief. 5 U.S.C. § 552(a)(6)(E)(vi). See also 32 C.F.R. § 286.4(d)(3)(iii) (DOD); 6 C.F.R. § 5.5(d)(3) (DHS); 28 C.F.R. § 16.5(d)(3) (DOJ); 22 C.F.R. § 171.12(b) (DOS).

If this Request is denied in whole or part, we ask that you justify all deletions by reference to specific exemptions of the FOIA. We expect release of all segregable portions of otherwise exempt material. We also reserve the right to appeal a decision to withhold any information or to deny a waiver of fees.

As indicated above, we are applying for expedited processing of this Request. Notwithstanding your determination of that application, we look forward to your reply to the Request within twenty (20) days, as required under 5 U.S.C. § 552(a)(6)(A)(i).

Dear Freedom of Information Officer:

This letter constitutes a request ("Request") pursuant to the Freedom of Information Act, 5 U.S.C. § 552 ("FOIA"). The Request is submitted on behalf of Amnesty International ("AI") and Washington Square Legal Services, Inc. ("WSLS"). AI is a non-government organization and a world-wide movement of members who campaign for internationally-recognized human rights. WSLS is the corporation that houses the International Human Rights Clinic ("the Clinic") of the New York University School of Law ("NYU Law School"). The Clinic is a project of NYU Law School's Center for Human Rights and Global Justice ("CHRGJ").

We are filing this request simultaneously with the Department of Defense (including its components, the Department of the Army, Navy and Air Force, the Marine Corps, and the Defense Intelligence Agency), the Department of Justice (including its components, the Federal Bureau of Investigation and Office of Intelligence Policy and Review), the Department of State, the Central Intelligence Agency, and the Department of Homeland Security (including its components the Office of Intelligence and Analysis, the Directorate for Policy, U.S. Immigration and Customs Enforcement, U.S. Citizenship and Immigration Services, U.S. Coast Guard, and U.S. Customs and Border Protection). By this letter, we also request expedited processing pursuant to 5 U.S.C. § 552(a)(6)(E).

We are seeking the opportunity to inspect and copy, if necessary, all records in the possession of the Department, including any officers, divisions or bureaus thereof, on the topics listed below.
Definitions

For purposes of this request, the following terms shall be understood as described below:

The term “records” includes any and all reports, statements, examinations, memoranda, correspondence (including electronic mail), designs, maps, photographs, microfilms, computer tapes or disks, rules, regulations, codes, handbooks, manuals, or guidelines.

The term “government official” includes any U.S. government employee, and any person providing services to any agency of the United States government on a contractual basis, regardless of his or her rank or ability to speak or make decisions on behalf of the U.S. government.

The term “foreign official” includes any foreign government employee, and any person providing services to any agency of a foreign government on a contractual basis, regardless of his or her rank or ability to speak or make decisions on behalf of the foreign government.

The term “communication” means the giving, receiving, transmitting, or exchanging of information, including, but not limited to, any and all written, printed, telephonic, electronic, and in-person conversations by and with any person, and/or talk, gestures, or documents which memorialize or refer to any communications.

The term “detainee” means any person deprived of their liberty by one or more individuals or agencies who is prevented by any means from leaving the place in which he or she is being held. The term “detention” means depriving any person of their liberty such that they are prevented by any means from leaving the place in which they are held.

The term “place of detention” means any place or facility in which a “detainee” is kept, inside or outside the United States, regardless of whether it is officially recognized as a place of detention.

Unless otherwise specified, this request relates to all records generated between September 11, 2001 and the present.
Memoranda of Understanding

The practice of persons being kept as “off-the-record” detainees in military prisons has been well documented. In this context, “ghost” or “unregistered” detainees are understood to refer to those detainees who were at some point during their detention, or remain: not “officially” registered at military facilities; “kept off the books”; and/or denied access to the International Committee of the Red Cross (ICRC). Documents produced by the Department of Defense on March 3, 2005 pursuant to an ACLU FOIA request and a media report in the

The A/519th soldiers initiated the term ‘ghost.’ They stated they used this term as the detainees were not in-process and/or detained in the normal way via the MP database and were not yet categorized. It was difficult to track these particular detainees and I and other officers recommended that a Memorandum of Understanding be written up between OGA, the 205th MI BDE and the 800th MP BDE to establish procedures for a ghost detainee”); Sworn Statement of Deputy CJ2, CJTF-7, Annex to Fay/Jones/Kern Report, in Department of Defense FOIA Release, at 000726-000729, available at http://www.aclu.org/torturefoia/released/030905/ (“In reference to Ghost detainees, OGA would bring in detainees for a short period of time. [REDACTED] brought them in. These particular ghost detainees were not yet categorized and OGA was working on that. It was very difficult keeping track of these OGA because they were not processed until OGA decided to turn them over to us. COL PAPPAS was not happy with that procedure.”)
Washington Post dated March 11, 2005 indicate that this arrangement for “ghosting” was not “ad hoc” but was embodied in a Memorandum of Understanding (MOU) between military officials and the CIA. The exact contours of this arrangement are not publicly known as a copy of this MOU was not included in the documents released by the Department of Defense.

Records Requested

We seek the following records relating to the arrangement described above:

1. Any memorandum of understanding, or other record reflecting an agreement or proposed agreement between agencies, or between any agency and any subdivision or official, concerning the handling of ghost or unregistered detainees. This includes but is not limited to:

   (a) Any record reflecting communications about whether or not to draft any memorandum of understanding or agreement regarding unregistered or ghost detainees.

   (b) Any record reflecting communications about the content of any memorandum of understanding or agreement regarding unregistered or ghost detainees.

2. Any record reflecting a policy, whether formal or informal, about the reception, detention, or movement of unregistered or ghost detainees.

3. Any memorandum of understanding, or other record reflecting an agreement between any agencies, or between any subdivision or official or any other agency, regarding the transfer of detainees from the custody of one agency to that of another.

[REDACTED] recommended that a Memorandum of Understanding be written up between OGA and MI on the procedures to drop off a ghost detainee. COL PAPPAS met with OGA and TF-121 and the memorandum on procedures for dropping ghost detainees was signed*).

Fee Waiver

The requestors qualify as "representatives of the news media" and the records sought are not for commercial use. Moreover, this Request "is likely to contribute significantly to the public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester[s]." 5 U.S.C. § 552(a)(4)(A)(iii).

Amnesty International is a non-government organization and a world-wide movement of members who campaign for internationally recognized human rights. AI publishes reports, press-briefings, newsletters and urgent action requests informing the public about human rights, including the prohibition on torture and the prohibition on disappearances. AI also disseminates information through its website www.amnesty.org.

The Center for Human Rights and Global Justice is a research center at NYU Law School. CHRGJ aims to advance human rights and respect for the rule of law through advocacy, scholarship, education and training. CHRGJ publishes reports and operates a website www.nyuhr.org discussing human rights issues.

The International Human Rights Clinic is a project of CHRGJ and an official program at NYU Law School, composed of students and directed by clinical professors, who engage in research and advocacy on human rights issues.

Washington Square Legal Services is a not-for-profit corporation that houses the clinical program of NYU Law School.

The requesters plan to disseminate the information disclosed as a result of this FOIA request through the channels described above.

Expedited Processing

Expedited processing is warranted as there is a "compelling need" for the records sought in this request. 5 U.S.C. § 552(a)(6)(E)(i)(I). The requesters are primarily engaged in "disseminating information" and there is an "urgency to inform the public concerning the actual or alleged Federal Government Activity." 5 U.S.C. § 552(a)(6)(E)(v)(II). See also 32 C.F.R. § 286.4(d)(3)(ii) (DOD); 6 C.F.R. § 5.5(d)(1)(ii) (DHSS); 28 C.F.R. § 16.5(d)(1)(ii) (DOJ); 22 C.F.R. § 171.12(b)(2) (DOS).

AI is primarily engaged in disseminating information about human rights, through its reports, newsletters, press-briefings, urgent action requests, and on its website. CHRGJ is engaged in disseminating information about human rights, including in particular, the Federal
Government’s role in upholding human rights. As indicated above, this information is disseminated through published reports and CHRGJ’s website. The Clinic actively supports this work, and WSLS houses the clinic. As reflected in the media reports discussed above, there is an urgent need to provide the public with information relating to the U.S. government’s practices concerning unregistered or ghost detainees.

There is also a “compelling need” because failure to obtain the records on an expedited basis “could reasonably be expected to pose an imminent threat to the life or physical safety of an individual.” 5 U.S.C. § 552(a)(6)(E)(v)(I). See also 32 C.F.R. § 286.4(d)(3)(i) (DOD); 6 C.F.R. § 5.5(d)(1)(i) (DHS); 28 C.F.R. § 16.5(d)(1)(i) (DOJ); 22 C.F.R. § 171.12(b)(1) (DOS). This Request arises in the context of allegations of ongoing unlawful detention and abuse of individuals with the involvement of U.S. agents abroad. Failure to publicly expose and thereby halt the practices prompting this Request could reasonably be expected to pose an imminent threat to the physical safety and lives of such individuals.

AI and WSLS certify that the foregoing statements regarding the basis for expedited processing are true and correct to the best of their knowledge and belief. 5 U.S.C. § 552(a)(6)(E)(vi). See also 32 C.F.R. § 286.4(d)(3)(iii) (DOD); 6 C.F.R. § 5.5(d)(3) (DHS); 28 C.F.R. § 16.5(d)(3) (DOJ); 22 C.F.R. § 171.12(b) (DOS).

If this Request is denied in whole or part, we ask that you justify all deletions by reference to specific exemptions of the FOIA. We expect release of all segregable portions of otherwise exempt material. We also reserve the right to appeal a decision to withhold any information or to deny a waiver of fees.

As indicated above, we are applying for expedited processing of this Request. Notwithstanding your determination of that application, we look forward to your reply to the Request within twenty (20) days, as required under 5 U.S.C. § 552(a)(6)(A)(i).

TABLE
DECLARATION OF CURT GOERING
IN SUPPORT OF REQUEST FOR EXPEDITED PROCESSING

1. I am the Senior Deputy Executive Director for Policy and Programs of Amnesty International USA (AIUSA). I submit this declaration in support of the Freedom of Information Act appeal of denial of expedited processing filed today on behalf of Amnesty International and Washington Square Legal Services, Inc.

2. I have been involved with Amnesty International in various capacities for twenty-five years. During that time, I have held positions at Amnesty International’s international headquarters in London and at its government relations office in Washington, D.C. I currently work at the national section headquarters in New York City.

3. Amnesty International is dedicated to bringing about a world in which every person enjoys all of the human rights enshrined in the Universal Declaration of Human Rights and other international human rights instruments. To accomplish this goal, Amnesty engages in research and action campaigns. At the heart of every campaign is the dissemination of information about particular human rights abuses that Amnesty International has documented. Amnesty International expends extensive resources researching alleged abuses to generate reports and shape its campaigns.

4. In order to stop human rights violations, Amnesty International exposes them through meticulous, painstaking research and reporting which it discloses to the public, government officials, intergovernmental organizations, opinion leaders and shapers, as well as its members. Every year Amnesty International disseminates human rights information on approximately 150 countries around the world, as well as on abuses perpetrated by non-state actors. In addition, the organization distributes a large volume of information on a broad range of thematic human rights issues such as violence against women, abuses fuelled by military, security or police transfers, refugee and migrant issues, and information about human rights laws and treaties.

5. The publicizing of human rights abuses is a core component of Amnesty International’s mission and central to all of its activities. For example, one of Amnesty International’s primary action strategies is letter writing, an activity through which Amnesty International communicates its concerns to key decision-makers around the world while simultaneously educating the public and its membership about the issues involved. In addition to letter writing campaigns and reports on human rights issues around the world, Amnesty International engages in widespread education work, the purpose of which is also to disseminate information about human rights.

6. Based on my many years of experience with this organization and my familiarity with its goals and methods, as discussed in ¶¶1-5, I am certain that Amnesty International is primarily engaged in the dissemination of information.
7. It is also my opinion, based on Amnesty International’s extensive involvement with the issues over the past forty-five years, that imminent threats to the physical safety and lives of many individuals could be prevented with information we have requested. Research shows that individuals who are held by governments that do not disclose information about their fate and whereabouts are at great risk of physical and psychological maltreatment, torture, and death. Additionally, it is well-established that the psychological impact of prolonged solitary detention in an unknown location may also lead to severe health consequences. For these reasons, I believe that failure to obtain the requested information will pose imminent and ongoing threats to the lives and physical safety of individuals.

8. I further certify that the disclosure of the requested information would serve a humanitarian need for at least two reasons. First, information about secret detention practices is essential for Amnesty International and other organizations to educate the public about these practices. So long as governments believe it is permissible to detain people secretly, without determinations of guilt or any other supervision, our basic human rights are at risk. Second, the information is needed to ensure that those being detained and transferred are not suffering the harms set out in ¶7. Disclosure of the fate and whereabouts of the individuals being held or transferred is required to alleviate these risks. The disclosure of this information will therefore promote the welfare and interest of humanity.

Re: Request Under the Freedom of Information Act for Specific Records Concerning Information on Secret Detention and Rendition

Dear Freedom of Information Act Officer:

This letter constitutes a request ("Request") pursuant to the Freedom of Information Act, 5 U.S.C. § 552 ("FOIA"). The request is submitted by the International Human Rights Clinic of Washington Square Legal Services¹ ("WSLS"), on behalf of WSLS, Amnesty International ("AI"), and the Center for Constitutional Rights ("CCR"). We are currently engaged in litigation with your agency concerning two requests filed on April 25, 2006 by WSLS and AI, and one request filed on December 21, 2004 by CCR, all of which seek records pertaining to rendition and secret detention in connection with the U.S. Government's anti-terrorism efforts.² The attorneys representing the U.S. Government in this litigation are being sent copies of this request.

We seek the opportunity to inspect and copy, if necessary, the specific records listed below, or, in the event that any of the specified records have been destroyed, any records which are integrally related to, summarize, or are interchangeable with said records. We seek records in the possession of the Central Intelligence Agency, including any officers, divisions, or bureaus thereof. We further request that you expedite processing pursuant to 5 U.S.C. § 552(a)(6)(e)(i).

Records Requested

For the purpose of this request, the term "records" includes any and all reports, statements, examinations, memoranda, correspondence, designs, maps, photographs, microfilms, computer tapes or disks, audio or videotapes or transcripts thereof, rules, regulations, codes, handbooks, manuals, or guidelines.

Please disclose the following records, or, in the event that they have been destroyed, any records that are integrally related to, summarize, or are interchangeable with said records.

The requesters qualify as “representatives of the news media” and the records sought are not for commercial use. Moreover, this Request “is likely to contribute significantly to the public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester[s].” 5 U.S.C. § 552(a)(4)(A)(iii).

The International Human Rights Clinic of WSLS is a project of the Center for Human Rights and Global Justice (“CHRGJ”) and an official program of NYU School of Law, composed of students and directed by clinical professors who engage in research and advocacy on human rights issues. CHRGJ is a research center at NYU School of Law. CHRGJ aims to advance human rights and respect for the rule of law through advocacy, scholarship, education, and training. CHRGJ publishes reports and also disseminates information through its website, www.chrgj.org.

Amnesty International is a non-governmental organization and a world-wide movement of members who campaign for internationally recognized human rights. AI publishes reports, press-briefings, newsletters, and urgent action requests informing the public about human rights, including torture and disappearances. AI also disseminates information through its website, www.amnesty.org.

The Center for Constitutional Rights is a legal and public education not-for-profit organization that engages in litigation, legal research, and the production of publications in the fields of civil and international human rights. CCR also publishes newsletters, know-your-rights handbooks, and other similar materials for public dissemination. These materials are available through CCR’s Development and Education & Outreach Departments. CCR also operates a website, www.ccr-ny.org, that addresses the issues on which CCR works. The website includes material on topical civil and human rights issues and material concerning CCR’s work. All of this material is freely available to the public.
The requesters plan to disseminate the information disclosed as a result of this FOIA request through the channels described above. This Request aims generally to further public understanding of government conduct; and particularly to contribute to the current debate around the rendition and secret detention policies and programs put in place by the CIA.

** Expedited Processing 

Expedit ed processing is warranted under 5 U.S.C. § 552(a)(6)(E)(I)(I), as there is a “compelling need” for the records sought in this request: the requesters are primarily engaged in “disseminating information” and there is an “urgency to inform the public concerning the actual or alleged Federal Government Activity” under 5 U.S.C. § 552(a)(6)(E)(v)(II). There is also a “compelling need” because failure to obtain the records on an expedited basis “could reasonably be expected to pose an imminent threat to the life or physical safety of an individual.” 5 U.S.C. § 552(a)(6)(E)(v)(I).

CHRGJ is engaged in disseminating information about human rights, including in particular, the Federal Government’s role in upholding human rights. As indicated above, this information is disseminated through published reports and CHRGJ’s website. The Clinic actively supports this work, and WSLS houses the clinic. AI is primarily engaged in disseminating information about human rights, through its reports, newsletters, press-briefings, urgent action requests, and on its website. CCR disseminates information through newsletters, publications, handbooks, and through its website. All three organizations seek the documents listed in this request to educate the public about the CIA’s secret detention and rendition program, which is currently the subject of high-profile debate.3

Moreover, failure to obtain the records can reasonably be expected to pose an imminent threat to the physical safety of individuals undergoing or at risk of undergoing ongoing unlawful detention and abuse with the involvement of or at the behest of U.S. agents abroad. 5 U.S.C. § 552(a)(6)(E)(v)(I). Allegations of torture and ill-treatment have surrounded the secret detention and rendition program. Failure to publicly expose and thereby halt the practices prompting this Request could reasonably be expected to pose an imminent threat to the physical safety and lives of at least one individual. CIA director Michael Hayden recently admitted that the secret detention and rendition program remains in operation.4

If this request is denied in whole or part, we ask that you justify all deletions by reference to specific exemptions of the FOIA. We expect release of all segregable portions of otherwise exempt material. We also reserve the right to appeal a decision to withhold any information.

We look forward to your reply to the Request **within twenty (20) days**, as required under 5 U.S.C. § 552(a)(6)(A)(i).

Thank you for your prompt attention. Should you have any questions in this matter, please contact Margaret L. Satterthwaite, International Human Rights Clinic, Washington Square Legal Services, Inc., New York University School of Law, 245 Sullivan Street, New York, NY 10012; tel.: (212) 998-6657.

The CIA Information Act, 50 U.S.C. § 431, as amended, exempts CIA operational files from the search, review, publication, and disclosure requirements of the FOIA. To the extent your request seeks information that is subject to the FOIA, we accept your request and will process it in accordance with the FOIA, 5 U.S.C. § 552, as amended, and the CIA Information Act, and, unless you object, search only for CIA-originated records existing through the date of this acceptance letter. As a matter of administrative discretion, we have waived any fees associated with the processing of your FOIA request.
You have requested expedited processing. We handle all requests in the order we receive them: that is, “first-in, first-out.” We make exceptions to this rule only when a requester establishes a compelling need under the standards in our regulations. A “compelling need” exists: 1) when the matter involves an imminent threat to the life or physical safety of an individual, or 2) when a person primarily engaged in disseminating information makes the request and the information is relevant to a subject of public urgency concerning an actual or alleged Federal government activity. We have reviewed your request and determined that it does not demonstrate a “compelling need” under these criteria and, therefore, we deny your request for expedited processing.

THE COURT: I understand that I can look at the
effects of techniques that are considered abuse and from that
reason backwards. But let's say that we are not talking about
categories of abuse now, but we are talking about other kinds
of documents that theoretically could exist.
What would you want me to look for? I don't think you
want me to look at a memorandum discussing various potential
techniques and then measure that against my field manual and
make my own conclusions whether they are lawful or not lawful.
MS. SINGH: Your Honor, you can do that. Because that
is the purpose of field manual. It sets out all the
interrogation methods.
THE COURT: It doesn't do it with the kind of
specificity that would enable me to compare a method.
MS. SINGH: But the Defense Department can do that.
They can tell you which of the methods that it is withholding
fall into current methods that are currently listed in the Army
field manual and which methods are not.
THE COURT: What you want me to do is look or have the
government look for any memorandum that comment on deviations
from the Army field manual?
MS. SINGH: That's correct.
THE COURT: Mr. Lane.
MR. LANE: Your Honor, as we set forth in our brief
and tried to explain earlier, we have released, and again as we
SOUTHERN DISTRICT REPORTERS, P.C.
(212) 805-0300
explained in the Church report that we attached --

THE COURT: No. If you already released it, it is not
a problem. The problem is that which has not been released.

MR. LANE: The next step in terms of what has been
withheld as a classified document, plaintiffs are seeking to
put labels on things to say this is unlawful.

THE COURT: I have changed the gloss. I don't want to
draw conclusions, but where the Army has drawn conclusions or
suspects a conclusion of deviation, Ms. Singh says those
documents should be at least given to me for in camera review.

MR. LANE: Your Honor, I don't profess to understand
how the line that Ms. Singh just identified could actually be
done in --

THE COURT: I will give you an example.

MR. LANE: -- in application.

THE COURT: I will give you an example. It has been
reported that such and such interrogation technique deviates
from the field manual. Then the memorandum goes on to describe
and discuss that. That would be a kind of memorandum she would
be interested at least for me to look at.

MR. LANE: Your Honor, what I can tell you is --

THE COURT: I don't want to look at the various
categories of techniques and draw my own conclusion whether or
not it deviates. I don't want to do that. I don't have the
expertise to do that.
MR. LANE: What I think, your Honor, we have tried to
do something that is that, although maybe we have called it
something else. What we have tried to do, as I have said
before, the Army and DoD has released tons of documents
relating to allegations of mistreatment, and the allegations of
mistreatment boil down to somebody did something to me that
they shouldn't have done, which would be something that is
beyond the scope of what is authorized. That is what all those
Army CID reports that we have been releasing for more than
three years are.

THE COURT: If you have released it, there is nothing
further to do. Ms. Singh --

MR. LANE: I thought she was going further than that,
your Honor, and essentially saying doctrinally we have to get
into weeds and look into where to draw lines.

THE COURT: I have narrowed it, Mr. Lane. I have
narrowed it. I think her remarks are acceptable to that, but I
am not even going that far. I don't like to go through weeds.

MR. LANE: I can appreciate that, your Honor.

Certainly what DoD has tried to do in this case is
release allegations of mistreatment or abuse including entire
reports that deal with those things as well as individual
investigations that are now closed that address individual
allegations of mistreatment.

What DoD has also done is where those are allegations

SOUTHERN DISTRICT REPORTERS, P.C.
(212) 805-0300
that are made by a detainee may be intertwined with other
information about interrogation doctrine techniques and various
information that would be sensitive that we have released what
we can release and redacted what we can redact.

THE COURT: You are slipping off of the point. There
is a third category. We have two categories so far: Analyses
of causes of deaths and analyses of complaints of abuse.
Here is the third category: Documents that make
reference to deviations from Army-authorized investigative
techniques.

In other words, someone has got to put down their
conclusion deviation or something equivalent in the memorandum
for it to be spotted.

I am not looking to make conclusions of what is or
what is not a deviation. I am only drawing upon Ms. Singh's
request of what already has been labeled as such a document or
for you to find out if there is such a deviation. In other
words, someone has to say "deviation."

MR. LANE: Your Honor, I confess the documents weren't
processed that way, but what I can tell you is I think that we
are talking about the same thing to be honest with you. I
think when we are talking about allegations of mistreatment
what we are talking about is whether somebody makes a claim,
whether it is investigated as group in a large report like the
Church report, or it investigated individual in an request --
THE COURT: Analysis of mistreatments whether it is called abuse or deviations from recognized or authorized interrogation techniques.

MR. LANE: Your Honor, one thing I would point out, however, is when your Honor was referring earlier to the chart exemption, the Aly chart Exhibit 1 and some of these documents, you can see that a lot of these documents really just simply don't fall into even Ms. Singh's own category in the sense that --

THE COURT: She is giving up a lot of those claims.

MR. LANE: Well, your Honor, I am not sure that is the case. I haven't heard that yet from plaintiff's standing here. So that is why I am pointing --

THE COURT: I haven't heard it yet, but it is coming because we just discussed it.

MR. LANE: That is fine, your Honor.

THE COURT: So, look, I have two areas I want to pursue -- two or three depending on how you categorize them. One is analyses of causes of death to prisoners and the second is allegations of either abuse of prisoners or deviations from recognized Army methods of interrogation.

MR. LANE: Just to make clear, your Honor, you are not talking about getting into the weeds on essentially detention interrogation policy and its nuances?

THE COURT: Already aware there has been a label of SOUTHERN DISTRICT REPORTERS, P.C. (212) 805-0300
deviation already assigned in some fashion or already suspect
or the subject of inquiry.
I can't do any better than that because I haven't seen
the documents and I am trying to respond to arguments from both
of you finding some area where I think there is some room to
put in some definition. These will be the subjects of in
camera inquires.
Does that conclude the DoD, Ms. Singh.
MS. SINGH: No, your Honor. It is just Exemption 1,
unfortunately. If you would rather move to another agency, I
would be glad to relinquish my spot to my colleagues.
THE COURT: No, let's finish.
MS. SINGH: Your Honor, with respect to Exemption 2,
we make a similar argument as we do for Exemption 1. We
basically demonstrate in our brief that the government hasn't
demonstrated that documents relating to past interrogation
methods or abuse could significantly risk circumvention of
agency regulations or statute. We make a similar argument with
Exemption 7E, which contains similar language to Exemption 2.
So I think that your rulings with respect to Exemption
1 would also apply to our argument. On Exemption 2 there is
one more argument that we make --
THE COURT: I think 1 and 2 are collapsing on the same
issue.
MS. SINGH: There is one more argument that we make

Dear Judge Hellerstein:

This morning, the Director of the Central Intelligence Agency made disclosures to the Senate Select Committee on Intelligence concerning the CIA’s past use of an interrogation technique known as waterboarding. These disclosures may affect the CIA’s positions in this litigation. We are examining the issue and will apprise the Court and Plaintiffs as soon as possible of any changes in the CIA’s positions. We thank the Court for its attention to this matter.

Re: ACLU, et al. v. Department of Defense, et al., No. 04 Civ. 4151 (AKH);

Dear Ms. Clark:

The CIA has re-reviewed the records that were the subject of the parties' Third Cross-Motion for Summary Judgment to determine whether there are documents, or portions of documents, that may be produced in light of the Director of the Central Intelligence Agency's February 5, 2008 disclosures to the Senate Select Committee on Intelligence concerning the CIA's past use of an interrogation technique known as waterboarding. We are enclosing redacted versions of those documents where the CIA determined that there is segregable information that can be produced. The cover sheet attached to the front of each redacted document identifies a document number, which corresponds to the numbers used for the document descriptions in the Seventh Dorn Declaration. The last document, which was not addressed in the Seventh Dorn Declaration, is a redacted version of the final report of the CIA's Office of Inspector General concerning its review of the CIA's interrogation and detention program.

In addition, at the May 12, 2008 in camera presentation, the Court preliminarily overruled certain of the CIA's FOIA exemption invocations. The Court, however, is permitting the CIA to file a supplemental classified declaration further explaining those exemptions. The Court will review that classified declaration ex parte and in camera, on June 17, 2008, and will then finalize its preliminary rulings. If those rulings require the production of additional information, the CIA will request a stay while it determines whether to appeal those rulings.

A court reporter transcribed those portions of the May 12, 2008 proceeding that did not concern classified information. With leave of the Court, the CIA has reviewed that transcript to verify that no classified information was inadvertently transcribed. We have notified the Court that the transcript is not classified. It is our understanding that the Court intends to file the transcript on the docket.
Thank you for your attention to these matters.

Very truly yours,

MICHAEL J. GARCIA
United States Attorney
