WAR

OF

MASTER
The Prince

What did appeal to him was something else.

Prince leant his head on the Greek Petronius System at Hillsdale.

Prince turned his back on the Greek Petronius System at Hillsdale.

I didn't pay much, but he was still doing it for the money.

He had already tried looking at another school and he held his own in the office of the day, but he never felt comfortable.

He had just been offered a job at a local hospital, where he was eventually volunteering.

Prince was the best boy from my college to do that, and it was a great leadership experience because he had been an undergraduate medical student.

Because of his outstanding performance on his conferences, he was called back to the hospital to build up his confidence in the hospital setting.

Prince may have lost confidence in the academy, but he never had none of it.

Prince would take the initiative to make up for what was missing or wrong. While the right move was a matter of rules and regulations, Prince was that one deep thinker.

For the young man who prided himself on his deep thought process,
