**Subject:** IO schedule review weekly meeting notes

**Attachments:** Opt Out State Matrix.xls  
(b)(6), (b)(7)(C)

Here are my notes from today's IO schedule review:

(b)(6)... - Initially said that some changes to the CO MOA were approved, and that Rapp was to have called CO yesterday, or would be calling today, to discuss further changes. Later, (b)(6)... said that Rapp will not be calling CO (probably related to discussion below regarding probable change in opt-out procedure, which is close-hold at this time not for further dissemination).

(b)(6), (...) - Denver moved some jurisdictions from FY11 to FY12 deployment; I will reach out to Denver to get reasoning/justification for this move, and will attempt to persuade them to shift this back to the left. We should not be moving deployments to the right.

(b)(6), (...) - There's a new file on SharePoint that summarizes deployment resource issues by AOR  
(b)(2)(high)

Please update this as needed, but do not modify the text in bold.

**Following is close-hold, no further dissemination**

A new "opt out" policy has been approved by Director Morton with concurrence from OPLA and CJIS. Essentially, once a state agrees to deployment (principally through signing the MOA), individual agencies without that state will only be able to opt out of receiving IDR/IAR. They will no longer be able to opt out of Interoperability; if they refuse to submit their fingerprints through this process, they will no longer benefit from receiving criminal history information from CJIS. CJIS is fully onboard with this approach and will partner with SC in messaging to states. A letter to the SIBs is being prepared and is expected to be released no later than 6 October.

DELIVERABLE - By COB Monday, September 13: Submit a list of states within your AOR to (b)(6)... List to include POCs for each SIB, and to also include indications if state will be opposed to new policy. I've attached a spreadsheet for you to populate.

Thanks,

(b)(6), ...
