I'm totally confused now. I've got so many versions of the opt-out language I don't know what's current and what's not. It seems like we have different language for different purposes and it's confusing.

Can we put this on today's agenda to talk about?

Thanks. Just to be clear - I thought Randi wanted to tackle the FAQs herself? Has that changed?

I know we REALLY need to finalize them since we continue to use outdated versions for briefings.

Cheers,

Let's pick some time this week and work to get this finalized. Pull in whomever you think would be appropriate.

Thanks Randi. (b)(6), (b)(7)(C) will meet with (b)(6), (b)(7)(C) and go through comments. Once complete and approved, we can ensure this gets into the comprehensive FAQs and other scripts or materials that require this messaging.

Attached to this email is an updated version of the frequently asked question relating to participation in Secure Communities IDENT/IAFIS Interoperability. This version incorporates CJIS' initial feedback as well as internal concurrence from ICE Detention and Removal Operations.

Again, we welcome all edits and feedback. Upon CJIS' review and approval, we will then send to US-VISIT for a review before deeming "final".

Also attached to this email is an update to Slide 16 from the currently-approved LEA Outreach Script. This is in-line with the messaging in the FAQs and also includes internal concurrence from ICE DRO.

We appreciate your timely review and response so that all partners can begin using the language as soon as possible.
