Had a phone call from Vaughn Hillyard at MSNBC. He asked about the Bayou Bridge pipeline permit. I told him it is not a permit, it's a water certification, and it's still in progress. I told him I do not have a date for a decision. We have to respond to all the comments, and there were several thousand comments. I told him the questions and our responses will be in the basis for decision when we issue our decision. That information will be available in EDMS when the decision is rendered. He said he will check back with me, and I told him that would be fine.
