I have forwarded the request to Darrell, it will be his call to extend or not. Do you still want your personal copy of the permit???? It's in nice ring binders!!

I found it in Sonris.
I'm already getting calls on this monster and don't have it in EDMS yet.
A copy to hand off to scanning would be most helpful. It can be their problem!

What about the comment extension request from gulf Restoration? I'm sure this like every other project is going to cause global warming and rising sea levels. Since we already know that is an extension necessary?

Liz,

They sent me a copy of the permit application to provide to you. I'm getting a semi-truck and bringing it down to your office tomorrow.

James,

I never got an application for the Bayou Bridge. Just the maps you sent.

You have a Coastal App Number I can look up on SONRIS or a contact I can get them to send me a couple of applications?

Thanks!

Elizabeth Hill
