

UPDATE - Day of Rage Protests across America

PIR 1, 2

(U) ARNORTH Threat Advisory (0141-16 ATA - 8 Jul 16) Concerning Potential for Violence or Criminal Activity in the Wake of the Shooting Deaths of Six Dallas, TX Police Officers.

(U) On 15 July 2016, multiple protests are scheduled to be conducted across the United States. Being anywhere near these protests greatly increases the chance that you could become a victim of violence. When the mob mentality takes over, normally decent people can commit heinous acts.

(U) Use this as a list of places NOT to be on Friday the 15th. While the media does specify nonviolence and denounces the actions taken against police officers that were not involved in these deaths, with the tagline "Day of Rage" it is safe to expect emotions to be running very high on both sides of the line. No matter how great your empathy might be for those who have unjustly lost their lives, these protests are not safe places to be.

These are the locations and times for the protests:
