## APPENDIX E

### FLOYD FOCUS GROUP QUESTIONS AND PROBES

1. Who within this group has personally been stopped? Who has witnessed someone else being stopped? [**Ligon: the following establishes whether there are participants who have had encounters in TAP buildings or NYCHA developments**] Has anyone in this group had this kind of encounter while in a private apartment building or public housing over the last few years?

A. Is there anyone who would like to share their experiences with being stopped? [**Ligon: in the event there are participants that identify as having encounters within TAP buildings this question will be asked**]

i. Please describe encounters you have had or observed between other people and the police in private apartment buildings or public housing.

Probes:

- Was the stop in a car, on the street, in an apartment building or NYCHA housing development?
- When was the most recent stop?
- After the stop, what happened?
  - Were you frisked/searched?
  - Were you arrested?
  - Were you given a summons?
- What did the officer say or do?

ii. What do you think the officer could have done differently in this situation?

**IMPORTANT FACILITATOR NOTE**

*{Facilitator discretion as to how much of the above to ask and how far to probe, consistent with the goal of keeping the above no longer than 21% of the focus group discussion}*

**B. FACILITATOR NOTE:** *[In the instance when participants do not mention a stop because of what they look like, the way they were dressed, where they live or who they were with the following “prompt” question will be asked]*  
Why do you think you were stopped?

2. **FACILITATOR NOTE:** *[If participants indicate that they were stopped because of what they look like, the way they were dressed, where they live or who they were with, then the question below will be asked without the “prompt” above]*

What should the NYPD do to make sure that you are not being stopped

**APPENDIX E**

because of how you look, the way you were dressed, where you live or who you were with?

3. Sometimes when a police officer approaches you can walk away without answering questions, in those instances what do you need the officer to say or do so that you know you can walk away.

Probe:  
For example,

- What do you need to know?
- How should the officer act or treat you?

4. Sometimes an officer has the right to search a person without their consent and other times the officer must ask a person if he or she consents to a search. In the times when an officer needs to ask for consent to search, what should happen (what do you need the officer to say or do) for you to feel that you can say “No, I do not give you the consent to search?”

Probe:  
For example,

- What do you need to know?
- What should the officer do/say?
- How should the officer act or treat you?

5. For those of you who have been stopped (or have known someone that has been stopped), have you (or the person stopped) ever made a complaint regarding why you (they) were stopped or your (their) treatment during the stop?

Probe:

- Who did you complain to (CCRB, Precinct, and Supervisor on duty)?
- What happened with the complaint?
- What do you think should have happened?
- What would make you feel that the officer was held accountable?

What type of things could NYPD (or anyone) do to make you feel like they listened to your complaint and took it seriously?

**APPENDIX E**

***FACILITATOR NOTE: [If participants indicate that they would like to receive the officer's badge number, name, and directions for making a complaint the following question will be asked]***

What about a stop receipt (facilitator explain what a stop receipt looks like) or a business card?

6. How should officers be supervised and evaluated?

A. Provide suggestions of ways that supervisors can be informed of things that they need to know in order to tell if their officers are doing a good job?

B. What types of things should be considered when officers are being evaluated?

Probe:

- Provide examples of ways that supervisors can evaluate how an officer interacts with community members.

***FACILITATOR NOTE: [This is an additional opportunity to inquire about the use of officer business cards if participants mention knowing the officer's name and badge number]***

**CONSENT TO PARTICIPATE IN NYC STOP & FRISK JOINT REMEDIAL PROCESS  
FOCUS GROUP DISCUSSION**

You have been asked to participate in a focus group that is being conducted as part of the NYC Stop & Frisk Joint Remedial Process (JRP). The JRP is a civic engagement process aimed, ultimately, at developing recommendations for sustainable reforms to the stop and frisk and housing arrest practices of the New York City Police Department. The purpose of the focus group discussion is to gather input and recommendations for sustainable reforms. You can choose whether or not to participate in the focus group discussion and stop at any time. Although the focus group will be tape recorded, your responses will remain anonymous and no names will be mentioned in the report.

There are no right or wrong answers to the focus group questions. We want to hear many different viewpoints and would like to hear from everyone. We hope you can be honest even when your responses may not be in agreement with the rest of the group. In respect for each other, we ask that only one individual speak at a time in the group and that responses made by all participants be kept confidential.

I understand this information and agree to participate fully under the conditions stated above:

### FOCUS GROUP INTRODUCTION SCRIPT

#### Welcome

Thanks for agreeing to be a part of the focus group. We truly appreciate your willingness to participate.

#### Introductions

##### Purpose of focus groups

In 2013, it was determined that the NYPD had violated the constitutional rights of many New Yorkers with their Stop and Frisk practices. As a result, the Judge required that the NYPD implement 5 immediate reforms. These reforms included

- Changes to policies and training related to stop and frisk and racial profiling
- Changes to supervision, monitoring and discipline
- Changes to stop and frisk documentation
- And, Implementation of a pilot body worn camera program

The Judge ordered that there is a Joint Remedial Process that will gather information about supplemental reforms. This information is required to come from those communities that were most impacted by these unconstitutional practices. However, the Judge did not order an end to Stop and Frisk practices, but instead an end unconstitutional Stop & Frisk practices.

The reasons we are having this focus group is two-fold 1) to learn more about your experiences with Stop and Frisk and MOST IMPORTANT 2) to gather ideas for supplemental reforms. So, we need your input and we want you to share your honest and open thoughts with us.
