Subject: Information regarding ERO surge
Importance: High

Good evening Group Supervisors,

ERO has initiated Operation Palladium, an ERO surge to identify, arrest, and remove removable aliens who present a danger to national security or are a risk to public safety, as well as those who entered the United States illegally or otherwise undermine the integrity of immigration laws and border control efforts. HSI New York is required to provide 30 HSI Special Agents to be TDY to ERO New York from February 24- December 31, 2020. Although the initial period of this surge, corresponds with Operation Cross Check 2020, operations will continue through the remainder of the calendar year. ERO will develop ongoing lists of aliens to be targeted, who are amendable to removal from the U.S.

Those HSI Special Agents who will be assigned to Operation Palladium should have received notice from their chain of command and/or ERO personnel. Special Agents will be assigned to an ERO team and will be under the daily operational supervision of a Supervisory Detention & Deportation Officer.

Those personnel who were initially assigned to a 30 day TDY will remain in TDY status to ERO New York until March 15. On March 15, and at six-week intervals thereafter, HSI personnel assigned to Operation Palladium may, at the discretion of the Assistant Special Agent in Charge of their division, be replaced on this TDY by another HSI Special Agent.

TDY cycles will be as follows:

    A. 2/10- 3/14
    B. 3/15- 4/25
    C. 4/26- 6 /6
    D. 6/7- 7/18
    E. 7/19- 8/29

- Please provide any and all targets that you have utilizing the attached *SFR TARGET LIST (OP PALLADIUM)*. How many? [(b)(7)(E)] per team and updated on a weekly basis. If you didn't arrest a target from the previous list just leave it on and add/remove arrested targets to maintain the required [(b)(7)(E)] per team minimum.
