1	<u>PROCEEDINGS</u>
2	(Portion that was previously under seal, but has been
3	unsealed.)
4	THE COURT: We'll bring the jury in.
5	THE COURT SECURITY OFFICER: Also, Judge, they've
6	indicated they want to leave now after this is over.
7	THE COURT: Okay.
8	(Jury present at 4:35 p.m.)
9	THE COURT: I'm always relieved when I see jurors
10	smiling when they come in.
11	THE JUROR: We like it that you smile at us.
12	THE COURT: We are on the record. All right. And
13	as you can see I have sealed the courtroom.
14	I must tell you, in all the years I've been on the
15	bench and I've been a judge since 1985, so I've been on
16	for a few years I've never had this issue arise before.
17	So I need to tell you before you tell me anything,
18	I did tell the lawyers exactly what's happening, that is
19	that you've requested to send a message to me that you don't
20	want me to share with them. I have to do that. Okay. And
21	I asked if they would object to my doing what I'm doing
22	right now, which is to have you come in, if you're
23	comfortable telling me what it is that's concerning you,
24	that I would then have to make the evaluation as to whether
25	that needs to be shared with the lawyers. I may find it's

not necessary, but I may very well -- so I'm letting you know before you talk to me that I may have to reveal this to 3 the lawyers. Okay. And so I wanted you to know as well.

And I don't know, you know, whether the question is -- if it's about the case itself, most likely I can't answer the question for you without having run it by the attorneys. If it's about some aspect of conduct by any of the attorneys or witnesses, that's normally something that we would always let the lawyers know.

So I have no idea what it is that is concerning you all. And if you want to go back and talk among yourselves and think about this for a second, feel comfortable doing that. But, as I said, as a Judge, I have to be fair and open with everybody, and I want to respect your concerns, but I also have to make sure that I am doing what I'm required to do as a judge.

So by making a permanent record, whatever you decide, if you decide to tell me anything, we'll have a record of it. Again, I'll make the judgment call as to whether I feel it has to be exchanged with the attorneys. If I decide it doesn't have to be, then it will be permanently sealed. All right. If I find, however, that they do need to know it, then I'm going to have to tell them. So I want you to understand that. Okay.

Who's our foreperson, Ms. Schroeder?

```
1
               THE FOREPERSON:
                                Yes.
 2
               THE COURT: So I'm reading body language and
 3
     facial expressions. Is it that sensitive that it cannot be
 4
     discussed with the attorneys?
               THE FOREPERSON: Can we discuss?
 5
 6
               THE COURT: Yes.
 7
               Do you want to go back to the jury room, or are
 8
     you comfortable there? We'll try not to hear you. I'll put
 9
     the white noise machine on, how's that? So then I can't
10
     hear you. We're going to go off the record because you're
11
     talking among yourselves. Okay.
12
                     (Off-the-record discussion.)
13
               THE FOREPERSON: Can we actually run back and get
14
     the question? Can I get the question? We have it.
15
               THE COURT: You don't want to tell me?
16
               THE JUROR: It's a long question.
                                                  It's the
17
     question.
18
               THE COURT:
                          It might be easier --
19
               THE JUROR:
                          We were asking a procedural question,
2.0
    but we actually have the question.
21
               THE COURT:
                          You have it all written out?
2.2
               THE JUROR: Yes.
23
               THE COURT: So you just want to give it to me at
2.4
     this point?
25
               THE JUROR: Yeah. We'll read it to you.
                                                                5
```

```
1
                           We can just say it. I mean, we can
               THE JUROR:
 2
     say it, but we thought you needed it written out.
 3
               THE COURT: Well, that's ideal. Why don't you go
 4
     and get it. Yes.
                       Okay.
 5
                          Okay. Go get the guestion.
               THE JUROR:
 6
                          Ms. Schroeder, you can just give it to
               THE COURT:
 7
     Kim.
 8
               This is a great question. All right. I'm going
 9
     to read it into the record.
10
               If the jury decides to make a punitive award, can
11
     we ask that part of the award be directed to a credible
12
     non-profit organization that provides emotional support and
13
     workforce placement for similar victims of -- I think you
14
    have PTSD, is that -- okay -- emotional trauma and
15
     displacement from Abu Ghraib human rights violations.
16
               I can tell you the answer to that would be no.
17
     Punitive damages don't work that way. Okay.
18
               I'm not going to reveal this question to the
19
     lawyers at this point. I will after the case is over.
                                                             It's
2.0
     not a question that embarrasses any of you; it shows a
21
     degree of sensitivity, and I'm just going to leave it like
2.2
     that. All right.
2.3
               Why don't you all stay here because I understand
24
     you want to go home; is that right?
25
               THE JUROR: Uh-huh.
                                                                6
```

1	THE COURT: Let's bring the lawyers back in. We
2	can do that on the record. But we were off the record until
3	this point.
4	THE COURT SECURITY OFFICER: Yes, Judge.
